# Near Me Plumbers Expands Comprehensive Service Portfolio Across Wandsworth Borough

*October 31, 2025*

Looking at these addresses, both are in London, United Kingdom (indicated by the UK postal codes SE8 3ET and SW18 1ST).

LONDON, UK - October 31, 2025 -
Near Me Plumbers Limited has announced an expansion of its comprehensive plumbing and heating services throughout the Wandsworth borough, responding to increased demand for professional emergency and routine plumbing solutions across South West London's diverse residential and commercial sectors.

The company, which maintains a 4.9 out of 5 rating based on over 222 Google reviews, now provides enhanced coverage across all major Wandsworth areas including Balham, Battersea, Putney, Tooting, and Clapham Junction. The expanded service portfolio encompasses emergency 24-hour callouts, boiler installations, central heating maintenance, drainage solutions, and comprehensive bathroom and kitchen plumbing services.

"The growth in Wandsworth's residential and commercial sectors has created unprecedented demand for reliable, professional plumbing services," said Arthur Sokoli, Operations Director at Near Me Plumbers

Limited. "Our expansion ensures that whether residents face an emergency burst pipe at midnight or businesses require scheduled commercial plumbing maintenance, we can provide rapid, certified service throughout the borough."

The company's service enhancement comes as Wandsworth continues its transformation, with developments around Battersea Power Station and increasing residential density creating new infrastructure demands. Near Me Plumbers - Plumbers Wandsworth addresses these challenges through a comprehensive range of specialized services including landlord gas safety certificates, CCTV drain surveys, water pressure diagnostics, and energy-efficient boiler installations.

Beyond emergency response capabilities, the company offers preventative maintenance programs designed to minimize disruptions for both residential and commercial clients. Services include annual heating system servicing, drain relining, grease trap maintenance for commercial kitchens, and comprehensive plumbing inspections that identify potential issues before they become emergencies.

The expansion includes investment in advanced diagnostic equipment and training for the company's team of Gas Safe registered engineers. This enables them to handle complex installations ranging from underfloor heating systems to complete bathroom renovations, while maintaining rapid response times for emergency situations such as sewer backups, overflowing toilets, and water heater failures.

Commercial clients benefit from tailored service contracts that ensure minimal business disruption, with dedicated support for restaurants, offices, and retail establishments throughout Wandsworth. The company's commercial division specializes in restroom plumbing installations, water system management, and scheduled maintenance programs that comply with health and safety regulations.

Near Me Plumbers Limited operates as a full-service plumbing and heating company serving London and surrounding areas. The company specializes in both residential and commercial plumbing services, offering everything from routine tap repairs to complex central heating installations. With Gas Safe registered engineers and comprehensive insurance coverage, the company provides guaranteed workmanship across all service categories including boiler installations with warranties extending up to 25 years, drainage solutions, bathroom renovations, and round-the-clock emergency response services.
