Pinnacle Removals and Storage Achieves Prestigious BAR Membership

October 02, 2025

HACKBRIDGE, UK - October 02, 2025 -
Pinnacle Removals and Storage has officially achieved membership with the British Association of Removers (BAR), marking a significant milestone in the company's commitment to delivering professional removal services across the UK and internationally. The achievement places the Hackbridge-based removal specialist among an elite group of companies that have met the stringent requirements set by the UK's leading trade association for the removals industry.

BAR membership represents one of the most respected accreditations in the removals sector, requiring companies to demonstrate exceptional standards in operational procedures, customer service, staff training, and financial stability. The rigorous vetting process includes comprehensive assessments of business practices, insurance coverage, vehicle maintenance standards, and adherence to the association's strict code of practice.

The announcement was shared through the British Association of Removers' official channels, including

https://www.facebook.com/BARremovers/posts/the-bar-is-pleased-to-welcome-pinnacle-removals-storage-as-its-newest-national-g/1226125292868768/, where the association welcomed Pinnacle as its newest National Group Member. The achievement reflects the company's dedication to maintaining the highest professional standards in both domestic and international relocations.

"Achieving BAR membership represents a tremendous accomplishment for our entire team and reinforces our commitment to excellence in every aspect of our removal services," said Sean Jacoby, a Spokesperson for Pinnacle Removals and Storage. "This accreditation provides our customers with additional assurance that they are working with a removal company that adheres to the industry's highest standards, whether they are moving within the UK or relocating internationally."

For customers, BAR membership provides substantial benefits, including access to the BAR Advance Payment Guarantee Scheme, which offers financial protection for deposits and advance payments. Additionally, customers gain peace of mind knowing they are working with a company that has been independently verified for professionalism, reliability, and adherence to industry best practices. The membership also ensures access to alternative dispute resolution services should any concerns arise during the moving process.

The accreditation comes at a time when consumers increasingly seek verified credentials when selecting removal services, particularly for complex international relocations. BAR members must maintain comprehensive insurance coverage, employ properly trained staff, and operate well-maintained vehicles equipped with appropriate safety features.

Pinnacle Removals and Storage brings over 50 years of combined experience to the removals industry, offering comprehensive services including UK removals, international relocations to destinations such as Australia, Canada, and the USA, European moves, professional packing solutions, secure storage facilities, and specialised fine art removal services. The company operates from its base in Hackbridge, serving customers throughout the South East with a fleet of GPS-tracked vehicles and fully vetted, uniformed staff.

For additional information about Pinnacle Removals and Storage and their comprehensive range of removal services, visit https://www.pinnacleremovals.co.uk/.

The British Association of Removers serves as the principal trade association for professional removal companies operating in the UK, setting industry standards and promoting excellence in service delivery. Established to protect consumer interests and advance professional standards, BAR represents companies that handle millions of relocations annually.
