San Leandro, CA - Rooter Hero Plumbing, a Northern California plumbing company, wants to take the opportunity to draw attention to their fantastic plumbers and plumbing staff. The company has quickly grown over the past several years into one of the best plumbing companies in the East Bay for commercial and residential plumbing services. By focusing on training, customer service, and customer satisfaction, Rooter Hero Plumbing of the East Bay is the most sought after plumbing service.

Jessica Perrault from Rooter Hero Plumbing of the East Bay says: "We're proud of the team we've put together. Our licensed plumbers work hard and are dedicated to their craft. Trained to use cutting-edge technology, our plumbers find and repair the toughest plumbing problems faster than any other plumbers in the metro area."

The staff at Rooter Hero Plumbing is fully committed to training and remaining up to date with developments in plumbing industry. In so doing, they can continue to comply with the philosophy and mission of the company, which is to have any job done quickly and professionally at an affordable and fair price. Their reputation as the quickest, most precise residential plumbers in the East Bay area is well earned.

The company is not the only one who wants to recognize the hard work and dedication of their members of staff. Customers are also going out of their way to thank specific individuals for everything that they have done. "Nobody wants to have plumbing problems," says Ellen T., of Alamo Oaks. "They are expensive to fix and cause so much damage as well. However, when I had a leaking pipe, Martin from Rooter Hero Plumbing came out, explained what was wrong and fixed it straight away. And, it wasn't expensive at all. Much thanks to Rooter Hero Plumbing and to Martin, in particular."
