Discreet Plastic Surgery Launches New Manhattan Liposuction Service

March 01, 2016

March 01, 2016 -
Dr. Daniel Kaufman and Discreet Plastic Surgery in Brooklyn, NY has announced a new realm of liposuction procedures for patients living in and around Manhattan. The clinic provides Manhattan plastic surgery services for a number of body sculpting goals. Patients can enjoy a full range of plastic surgery procedures, including liposuction at the clinic.

Dr. Daniel Kaufman, surgeon with the clinic, states, "Our goal is to help you reach your goals, and we offer a wide range of liposuction procedures that can do that."

The Manhattan plastic surgeon states that before performing any liposuction procedure, the clinic urges patients to set their goals. These will be discussed in length with Dr. Kaufman prior to the surgery. As with any medical procedure, he states that a full review of the patient's medical history will be done prior to a plan being created.

"We want our patients to reach their goals and to do so in the healthiest way possible," Dr. Kaufman explains. "We will thoroughly review any and all medical and surgery histories to ensure that liposuction is the best

alternative, and to help gauge the results for each individual patient."

The clinic provides tummy tuck Manhattan from a certified Manhattan plastic surgeon, and ensures that all patients are thoroughly satisfied with their individual results. Dr. Kaufman explains that liposuction, like any surgical process, is not an overnight solution and that it takes preparation and strict medical attention following the surgery. Patients are provided with a plan for the best possible outcome, and the clinic urges patients to follow the doctor's plan to ensure a safe and speedy recovery.

"Liposuction is surgery and is not something to be taken lightly," the clinic states. Patients are urged to get plenty of rest before and after the surgery in order to enjoy the best possible results.

Those who are interested in learning more about the Manhattan liposuction procedures offered by Discreet Plastic Surgery can read a full list of available procedures on the clinic's official website. The clinic offers a number of other plastic surgery related procedures as well, including breast augmentation and various non-surgical treatments including Botox.
