Chuck Norris Recommends Lone Wolf Exteriors for Windows, Siding and Roofing Replacement

October 22, 2025

LEWISVILLE, TX - October 22, 2025 -
Lone Wolf Exteriors, a Dallas-Fort Worth-based exterior renovation company, announces an endorsement from Chuck Norris, martial artist and actor. The endorsement comes as Lone Wolf Exteriors partners with Kickstart Kids, which provides martial arts instruction to adolescents during school hours.

"I strongly recommend Lone Wolf Exteriors for their windows, siding, and roofing. They're tough like me, Chuck Norris," stated Chuck Norris, martial artist, actor, and founder of Kickstart Kids. This partnership reflects the company's engagement with local communities while expanding its service footprint. Kickstart Kids operates in multiple Texas school districts and provides character development through martial arts training.

Lone Wolf Exteriors operations offer window replacement services featuring Mezzo windows manufactured in the United States, along with Prodigy Next Generation Insulated Siding installations. Both product lines meet ENERGY STAR requirements for energy efficiency. The expansion represents a significant geographic growth for the company, which previously concentrated its residential services in the Dallas-Fort Worth metroplex.

For siding installations, the company utilizes Prodigy Next Generation Insulated Siding, which incorporates EPS rigid foam insulation with 1.5-inch thickness for enhanced R-value performance. The siding system features an interlocking panel design and includes treatment with additives designed to discourage pest nesting. The product has been recognized by BobVila.com in its vinyl siding category. The siding materials are manufactured to withstand Texas weather conditions, including high winds and temperature extremes.

The window replacement services include custom-crafted products featuring ClimaTech and ClimaTech ThermD insulated glass packages. These windows are manufactured to meet ENERGY STAR specifications and include warranty coverage for residential installations. The insulated glass packages are designed to

reduce heat transfer and improve energy efficiency in residential properties.

The expansion brings the company's full range of exterior services to the Austin market, including door replacement and roofing services with solar panel installation capabilities. All installations are performed by licensed and insured professionals following industry standards and backed by manufacturer warranties. The company's roofing division offers both traditional roofing materials and integrated solar panel systems for residential properties.

Lone Wolf Exteriors has also established partnerships with financing companies to offer payment options, including zero-percent financing programs. The company provides in-person consultations to assess property needs and recommend solutions based on climate considerations and architectural requirements. These consultations include detailed assessments of existing exterior conditions and energy efficiency evaluations.

The company maintains community involvement through its partnership with Kickstart Kids, a program that provides martial arts instruction to adolescents during school hours. This partnership reflects the company's engagement with local communities while expanding its service footprint. The program operates in multiple Texas school districts and provides character development through martial arts training.

Lone Wolf Exteriors operates as a locally owned business serving residential clients throughout Texas while providing commercial exterior services nationwide. The company specializes in windows and siding Murphy TX, installations, along with comprehensive exterior renovation services. Founded in the Dallas-Fort Worth area, the company has expanded its operations to meet growing demand for energy-efficient home improvements across Texas markets. The company maintains offices in multiple Texas locations and employs certified installation professionals throughout its service areas.
