INDIANAPOLIS, IN - October 10, 2025 -
Nancy's Bridal Boutique, an Indianapolis-based bridal retailer with over 25 years of experience, announces the expansion of its services to provide comprehensive wedding party attire solutions, including bridesmaid dresses, mother of the bride and groom dresses, and tuxedos and suits, alongside its extensive bridal gown collection.

The boutique, which stocks over 300 gowns from designers including Made With Love Bridal, Jane Hill, and Grace Loves Lace, has responded to customer demand by creating a one-stop destination for entire wedding parties. The expanded offerings complement the boutique's existing services of personalized fittings, in-house alterations, and its dedicated bridesmaids' lounge. Brides and wedding parties can follow Nancy's Bridal Boutique on Facebook to stay updated on trunk shows and designer launches.

"As we've served Indianapolis brides for more than two decades, we recognized the need for a comprehensive approach to wedding attire," said Nancy Bissmeyer, owner of Nancy's Bridal Boutique. "Families were asking us to help coordinate looks for mothers, bridesmaids, and even the groom's party. This expansion allows us to serve the entire wedding party under one roof, ensuring cohesive styling and

convenient appointments for busy families."

The boutique maintains its commitment to personalized service with accommodating appointment scheduling that works around clients' busy lives. Each consultation provides access to the full range of wedding party attire, with bridesmaid dresses ranging from $140 to $360 and bridal gowns from $1,000 to $6,000. A sale rack featuring gowns for $600 and under provides budget-conscious options without compromising quality.

The boutique regularly hosts events featuring the latest collections from its roster of international designers. Customers can also see real brides on Instagram for Nancy's Bridal Boutique, where the boutique showcases recent weddings and styling inspiration.

The expansion builds on the boutique's established reputation in the Indianapolis bridal market, where it has maintained an 80 percent recommendation rate based on customer reviews. The addition of complete wedding party services positions the boutique as a comprehensive resource for wedding planning in central Indiana.

"The wedding industry has evolved significantly, and modern couples want streamlined planning experiences," added Bissmeyer. "By offering everything from the bride's gown to the groomsmen's suits, we eliminate the stress of coordinating multiple vendors and appointments."

Nancy's Bridal Boutique operates from its Indianapolis location, providing in-store pickup and alterations services. The boutique's team of experienced seamstresses ensures proper fit for all wedding party attire, with services extending to intricate beadwork adjustments and vintage lace preservation.
