Billionaires In Training Launches Consulting Services For Start-Ups

March 07, 2016

March 07, 2016 - PRESSADVANTAGE -

B.I.T Billionaires in Training? LLC, a consulting firm based out of Newport Beach, California, has finally launched their services for start-up companies. This has come to fruition after more than three years of research and networking to provide the leading marketing strategies and digital project assistance to those in need. The company describes themselves as follows: "B.I.T Billionaires in Training? LLC sees a future of determined entrepreneurs delivering new innovative solutions to an ever changing world while we support them in their mission."

The company focuses primarily on start-ups and small businesses which are struggling with their marketing approaches. Some of this assistance comes in the form of outsourcing, and can be seen online through the company's main website at <http://billionairesintraining.com/about/>.

Services provided by the team at B.I.T. include assistance with the set-up process, such as business listings, digital business cards, websites, and e-commerce. This is followed up by help with account acquisition, blogging and press releases, and search engine optimization. Finally, clients will obtain a 24/7 concierge from the team, analytics and reporting services, as well as reputation management. More information on services

can be found at <http://billionairesintraining.com/services/>.

To show new and potential clients what the consulting firm can really do, B.I.T Billionaires in Training? LLC offers online case studies of past clients. This breaks down each project to show what the company needed, how B.I.T. helped them, and how they improved by executing these services. It acts as a form of customer testimony, and offers some insight into the way they work. The firm reports, "At B.I.T Billionaires in Training? LLC, we believe our client's success is the best testimonial. We strive to overachieve for each and every one of our clients by being proactive in finding new solutions while measuring the results of the strategies we execute. We make it our primary initiative to put ourselves in you or your customer's shoes so we can build a better foundation on maximizing results."

With the new launch of this consultation firm, comes the opportunity for local businesses, in and around Newport Beach, to get the help they need to make it big in the community. Businesses outside of the city are also encouraged to contact B.I.T. for a free complimentary consultation.
