

Verbal Behavior Associates Announces Participation in San Diego Regional Center Vendor Fair

March 02, 2026

CONCORD, CA - March 02, 2026 -

Verbal Behavior Associates, a leading provider of Applied Behavior Analysis therapy in California, announced today that the organization will participate as an exhibitor at the San Diego Regional Center vendor fair on October 4, 2025. The event brings together service providers, families, and service coordinators to connect families with developmental disability resources throughout San Diego and Imperial Counties.

The vendor fair provides an important opportunity for families seeking behavioral and language therapy services to meet directly with VBA representatives and learn about available support options. The San Diego Regional Center serves as a vital resource hub for individuals with developmental disabilities and their families, facilitating connections between families and qualified service providers.

"Participating in the San Diego Regional Center vendor fair allows us to connect directly with families who may benefit from our services," said Delores B. Titus, Community Outreach Coordinator at Verbal Behavior Associates. "Many parents are unaware of the comprehensive therapy options available for children with behavioral and language difficulties. This event gives us the chance to explain how Applied Behavior Analysis can help children develop essential communication and social skills."

VBA specializes in providing evidence-based therapy for children with behavioral and language difficulties, utilizing instructional methodologies rooted in the science of applied behavior analysis. The organization's approach focuses on teaching language repertoires that enable children to succeed in social environments and lead more independent lives.

The San Diego Regional Center vendor fair serves as a critical platform for connecting families with service providers across the region. The event typically attracts hundreds of families seeking information about available services, funding sources, and support programs for individuals with developmental disabilities.

Verbal Behavior Associates maintains a team of over 40 credentialed staff members, including three Ph.D.s and 36 Board Certified Behavior Analysts. The organization partners with more than 35 school districts across San Diego, Orange, Riverside, and East Bay areas. Their services extend across five California counties, including San Diego, Orange, Los Angeles, Riverside, and Contra Costa Counties.

The vendor fair represents part of the San Diego Regional Center's ongoing mission to serve and empower persons with developmental disabilities and their families. The center provides comprehensive support services and works to ensure that individuals with developmental disabilities can live productive and satisfying lives as valued members of their communities.

Families attending the October 4 event will have the opportunity to speak with multiple service providers, gather information about therapy options, and learn about eligibility requirements for various programs. Service coordinators will also be available to help families navigate the system and understand available resources.

Verbal Behavior Associates continues to expand its services as demand for specialized language and behavioral therapy grows throughout California. The organization remains committed to staying current with the latest research in verbal behavior development and applied behavior analysis to provide the most effective interventions for children and families.
