

Apex Money Lending Group Expands Business Purchase Financing Solutions as Colorado Acquisition Activity Accelerates

November 08, 2025

ERIE, CO - November 08, 2025 -
Apex Money Lending Group LLC, a Colorado-based commercial financier, has expanded its business acquisition financing programs to meet growing demand from entrepreneurs and investors seeking to purchase existing companies across the state. The enhanced solutions address the increasing number of business ownership transitions occurring as baby boomer retirements create unprecedented acquisition opportunities throughout Colorado.

The company's specialized acquisition financing programs provide financing starting at $100,000 with interest rates beginning at 12 percent, enabling qualified borrowers to secure funding for business purchases within 10 business days. The streamlined approval process eliminates traditional credit check requirements, instead focusing on the target business's financial performance and asset value.

Colorado's business landscape has experienced significant shifts in recent years, with industry consolidation

trends and succession planning needs driving increased acquisition activity. The state's diverse economy, spanning technology, manufacturing, healthcare, and hospitality sectors, presents varied opportunities for strategic business purchases. Mountain resort communities and the Denver metropolitan area have seen particularly strong interest from acquisition-focused entrepreneurs.

"The current market environment presents exceptional opportunities for business acquisitions in Colorado," said Marcus Jeffery of Apex Money Lending Group. "We're seeing increased interest from both local entrepreneurs looking to expand their operations and out-of-state buyers attracted to Colorado's business-friendly environment. Our role is to provide the flexible financing solutions that make these transactions possible."

Apex Money Lending Group Business Acquisition Financing covers comprehensive purchase costs including equipment, inventory, real estate property, and debt assumption. The program serves various acquisition scenarios including management buyouts, family business successions, and strategic expansions. Borrowers can access up to 65 percent of the acquired business's asset value without traditional credit score requirements.

The company's approach differs from conventional bank financing by emphasizing speed and flexibility. While traditional financiers often require extensive documentation and lengthy approval periods, the streamlined process focuses on essential factors such as business cash flow, asset valuation, and acquisition strategy viability. This methodology particularly benefits time-sensitive transactions where competitive bidding situations demand rapid financing decisions.

Apex Money Lending Group Business Purchase Financing also extends to specialized sectors including cannabis businesses, which frequently encounter challenges securing traditional bank financingdue to federal regulatory constraints. The company's expertise in Colorado's unique regulatory environment enables it to serve industries that mainstream financial institutions often cannot accommodate.

The expansion of these financing programs responds to evolving market dynamics where business acquisitions increasingly represent attractive alternatives to startup ventures. Established businesses offer proven revenue streams, existing customer bases, and operational infrastructure that reduce investment risk compared to new venture creation.

Apex Money Lending Group LLC specializes in asset-based commercial financing throughout Colorado, offering a comprehensive suite of financing solutions including financing solutions that include construction, commercial real estate, and specialized acquisition financing. The company focuses on providing rapid

funding decisions based on property and business asset values rather than personal credit scores, serving real estate investors, business owners, and entrepreneurs seeking growth capital.
