

Florida Fire & Flood Expands Damage Restoration Services to Better Serve Customers

October 30, 2025

TAVARES, FL - October 30, 2025 -
Florida Fire & Flood, a Central Florida-based restoration company with over 45 years of experience, has expanded its comprehensive damage restoration services to better serve residential and commercial clients throughout the region. The expansion enhances the company's capacity to respond to emergencies while maintaining its commitment to supporting Florida wildlife conservation through charitable contributions.

The expanded services encompass water damage restoration, mold remediation, fire damage restoration, storm damage restoration, roofing, and reconstruction services. With IICRC-certified technicians available 24/7, the company now provides enhanced coverage across Central Florida, including Maitland, Davenport, Leesburg, Ocala, Clermont, Orlando, and surrounding communities.

"Our expansion reflects the growing need for professional restoration services in Central Florida, particularly as severe weather events become more frequent," said Tim Machuca, a spokesperson from Florida Fire & Flood. "With our enhanced service capabilities and state-of-the-art equipment, we can detect hidden

damage more effectively and complete restoration projects more efficiently, helping families and businesses return to normal operations faster."

The company's technicians hold multiple specialized certifications, including Applied Microbial Technician I for mold remediation, Fire and Smoke Restoration Technician, Odor Control Technician, and Water Damage Restoration Technician credentials. This technical expertise enables the team to handle complex restoration challenges, from sewage backups and burst pipes to storm damage and fire aftermath.

A key component of the expanded services includes comprehensive insurance claim assistance. The company works directly with all major insurance providers to streamline the claims process, reducing stress for property owners during challenging times. This direct collaboration helps expedite claim approvals and ensures proper documentation of all damage and restoration work.

The restoration process employs advanced technology for water removal and extraction, drying and dehumidification, damaged material removal, disinfecting and odor elimination, mold removal, reconstruction, and final inspection. Each project receives customized attention based on factors including the type of water damage, extent of affected areas, and duration of exposure.

As part of its community commitment, Florida Fire & Flood donates a portion of the proceeds from every restoration project to Florida wildlife conservation causes. This initiative aligns with the company's locally owned and operated status, reinforcing its dedication to environmental stewardship while providing essential restoration services.

Florida Fire & Flood is a locally owned and operated damage restoration company serving Central Florida for over 45 years. The company specializes in comprehensive restoration services, including water, fire, mold, and storm damage restoration, as well as roofing and reconstruction services. With IICRC-certified technicians available 24/7 for emergency response, the company provides both residential and commercial restoration solutions throughout Central Florida. The organization maintains a strong commitment to community service through its wildlife conservation donation program.
