Sanford, FL - Monika?s Marketplace?s flagship product, a microwave splatter cover, has announced special pricing for people ordering in larger quantities. This microwave splatter cover is currently being offered exclusively on the mega online shopping portal, Amazon.com.

The current special is for customers who buy three or more microwave splatter covers can get a discount of 15% on their order as well as free shipping. The actual coupon code for the discount is listed directly on the product sales page on Amazon to make it easy for buyers. The customer simply has to enter the code GKA5LB9U at checkout to access the discount.

This discount was created because the microwave splatter cover can be used for many other purposes other than just to cover food in the microwave. It can be used to cover food after it is removed from the microwave to keep the food warm. The microwave cover can also be used to keep of any flies from going on the plate of food.

With these additional uses, it is very convenient to have more than one microwave cover available in the kitchen. The cookware microwave cover is a dome-shaped cover that is manufactured with the kitchen in mind. It provides enough space to prevent food from touching the top or sides of the container.

?I LOVE this microwave splatter cover; I wish I found it sooner. Not only do I use the splatter cover for the microwave, which works great by the way, I also use it to cover food that is sitting out on the table to keep the food warm until my family comes and eats (takes some time to round them up). Thanks again!" said Lucy, a satisfied customer.

?These microwave splatter covers are very versatile. In fact, I just used one to take food to my daughters school today ? they are having a ?bake sale? and I have cookies in a dish and covered it with the microwave cover so flies don?t get on them, very convenient,? said Mary, another satisfied customer.

The microwave splatter cover from Monika?s Marketplace can be found exclusively on Amazon.com for purchase of any quantity to satisfy your needs.
