Lil' House of Carpet Celebrates Over 50 Years of Flooring Services

November 12, 2025

FENTON, MI - November 12, 2025 -
Lil' House of Carpet is approaching its 50th anniversary in 2026, marking nearly five decades of providing flooring materials and installation services to residents and businesses in Fenton, Michigan. Established in 1976, the company has become part of the local community?s foundation by supplying carpet, luxury vinyl plank, hardwood, and tile products that reflect both traditional craftsmanship and modern design preferences.

As part of this milestone, Lil? House of Carpet highlights the progress of the flooring industry over the years. The company?s journey parallels shifts in material innovation, with more homeowners and businesses choosing sustainable, low-maintenance options that balance style and performance. Industry data from the Floor Covering Institute indicates that demand for vinyl and engineered flooring continues to rise nationally, driven by durability and affordability?trends reflected in the company?s product offerings.

Lil? House of Carpet?s services are structured around convenience and reliability. Projects begin with an on-site consultation to assess layout and material needs, ensuring that installations are customized to each customer?s space. Hard-surface installations typically take less than a week, while carpet installations are completed within seven to ten business days. Professional cleaning and maintenance guidance are provided

to help extend the lifespan of every installation.

Rylee, Sales Manager at Lil? House of Carpet, noted that the company?s longevity comes from adapting to evolving customer expectations.

?Fenton homeowners value flooring that combines durability with comfort,? Rylee said. ?We?ve focused on sourcing dependable materials from trusted manufacturers and providing personalized service that consistently supports long-term use.?

The company?s catalog features flooring from leading manufacturers such as Shaw, Mohawk, and Mannington, along with commercial-grade carpet lines by Interface and Patcraft. These options cater to residential and business customers alike, allowing the company to serve both home renovation and commercial improvement projects.

Lil? House of Carpet?s handyman and renovation services complement its flooring operations, offering drywall repair, painting, trim work, fixture installation, and related updates. This integrated service model enables customers to complete multiple aspects of home improvement with a single provider?streamlining project timelines and coordination.

The company?s inventory also includes ceramic and porcelain tile from American Olean and Florida Tile, plus area rugs from suppliers such as Capel and Milliken. Cleaning and maintenance products, including those from BonaKemi, help customers maintain appearance and function after installation. Accessories like borders, stair nosings, and mouldings in rubber, vinyl, and metal complete the range of available options.

In line with its reputation for Quality Flooring Solutions in Fenton, MI, the company continues refining its installation and service processes. Each step?from product selection to post-installation follow-up?is designed to maintain consistency, transparency, and satisfaction for its customers. The business?s emphasis on training ensures installers remain updated on industry standards, safety procedures, and product innovations.

As part of its upcoming anniversary, Lil? House of Carpet plans to celebrate its history with a community appreciation event in 2026. Details will be announced in the coming months, including local partnerships and charitable initiatives to honor its decades-long presence in the region.

Lil? House of Carpet remains a family-owned business dedicated to Fenton and the surrounding communities. Its focus on reliability, experience, and craftsmanship continues to guide operations as it looks

toward its next chapter. For residents seeking proven flooring expertise, Lil? House of Carpet stands as a local resource for dependable materials, skilled installation, and customer-centered care.
