

Rigert Treppenlifte AG Expands Wheelchair Lift Solutions for Enhanced Senior Mobility

November 13, 2025

Küssnacht am Rigi, SZ - November 13, 2025 -
Rigert Treppenlifte AG, a leading Swiss mobility solutions provider with over 60 years of experience, announces expanded installation services for wheelchair lifts and platform lifts throughout German, French, and Italian-speaking regions of Switzerland. The company continues to address growing demand for accessibility solutions as Switzerland's senior population seeks to maintain independence in their homes.

The expansion comes as recent demographic studies indicate that nearly one in five Swiss residents is over 65, creating an increased need for reliable mobility solutions. Rigert Treppenlifte AG, part of the Garaventa Group, has positioned itself to meet this demand through comprehensive lift installations that require no major home renovations. For those seeking more information about mobility solutions, Rigert Treppenlifte AG maintains an online presence at https://rigert-treppenlifte-kuesnacht.localo.site where detailed product specifications and service options are available.

"With six decades of experience serving Swiss communities, we understand that maintaining independence

at home is paramount for seniors and individuals with mobility challenges," said H. Lindstrom, spokesperson for Rigert Treppenlifte AG. "Our expanded service capabilities ensure that residents across all linguistic regions of Switzerland have access to customized mobility solutions that fit their specific needs and home configurations."

The company specializes in various lift systems, including stairlifts for straight and curved stairs, platform lifts designed for wheelchair users, home elevators that blend seamlessly into residential environments, and portable stair crawlers. Each solution is tailored to individual requirements, with installations possible in narrow staircases and both indoor and outdoor settings.

Beyond residential installations, the company has established partnerships with healthcare facilities and senior living communities throughout Switzerland. These collaborations ensure that public spaces and care facilities meet accessibility standards while providing dignified mobility solutions for residents and visitors. The company also provides location information at https://maps.app.goo.gl/6tLvBHSTzXphXNuh7 for those interested in visiting their facilities.

Rigert Treppenlifte AG maintains a comprehensive approach to accessibility, offering initial consultation, project planning, professional installation by company technicians, and ongoing maintenance services. The company has earned a 4.7 rating based on customer reviews, with clients particularly noting the detailed consultations, fast delivery times, and professional installation processes.

The company's commitment to accessibility extends to Switzerland's broader mobility infrastructure. As tourist destinations like Zurich, Lucerne, and Interlaken continue improving their accessibility features, Rigert Treppenlifte AG contributes expertise in vertical transportation solutions that complement Switzerland's efficient public transportation system.

Established in 1962, Rigert Treppenlifte AG operates as part of the Garaventa Group, bringing Swiss engineering excellence to mobility solutions. The company maintains the industry's largest customer service network in Switzerland, ensuring prompt support and maintenance for all installed systems. Additional company information can be found at https://s3.amazonaws.com/slstacks/rigert/id.html. With branches strategically located across German, French, and Italian-speaking regions, the company continues its mission of helping individuals overcome height differences in their homes while maintaining safety, dignity, and independence.
