Clever Carpets & Flooring Expands Mobile Showroom Service Throughout Welwyn Garden Area

November 18, 2025

Watford, UK - November 18, 2025 -
Clever Carpets & Flooring LTD has announced the expansion of its mobile showroom service to better serve residential and commercial customers across Welwyn Garden City and surrounding Hertfordshire communities. The enhanced service brings comprehensive flooring samples directly to customer locations, eliminating the need for multiple showroom visits during the selection process.

The expanded mobile showroom initiative responds to increasing demand for convenient, personalized flooring consultations. The service allows customers to view carpet, luxury vinyl tile, engineered wood, laminate, and safety flooring options in their actual spaces, ensuring more accurate colour matching and style coordination with existing décor.

"The mobile showroom concept transforms how customers experience flooring selection," said Daniel Romani, Managing Director at Clever Carpets & Flooring LTD. "By bringing our extensive collection directly to homes and businesses, we enable clients to make more informed decisions while seeing how different materials look under their specific lighting conditions and alongside their current furnishings."

The company's fleet of specially equipped vehicles carries samples from leading UK manufacturers, including Polyflor, Altro, Cormar, Penthouse Carpets, and Associated Weavers. Each mobile unit features organized displays of various flooring categories, from traditional carpets and sisal stair runners to contemporary luxury vinyl tiles and commercial-grade safety flooring.

Clever Carpets-Flooring Welwyn Garden City representatives provide on-site measuring services during mobile showroom appointments, ensuring accurate material estimates and minimizing waste. The service includes detailed consultations about installation requirements, maintenance considerations, and product warranties for both domestic and commercial applications.

The expansion addresses common challenges faced by property owners and facility managers who struggle to coordinate showroom visits around work schedules or mobility constraints. Commercial clients particularly benefit from the ability to evaluate safety flooring and wet room solutions without disrupting business operations.

Beyond the mobile showroom service, the company maintains comprehensive supply and fitting capabilities throughout Hertfordshire. Their certified installation teams work with manufacturer-recommended cutting tools and techniques to ensure professional results across all flooring types. The company also provides uplift and disposal services for existing flooring, streamlining renovation projects for customers.

The mobile showroom appointments include discussions about practical considerations such as foot traffic patterns, moisture resistance requirements, and acoustic properties. For commercial projects, consultants address specific regulatory compliance needs related to safety flooring in healthcare, education, and hospitality environments.

Clever Carpets & Flooring LTD has operated in the London and Hertfordshire regions for several years, establishing partnerships with leading flooring manufacturers across the UK. The company specializes in both residential and commercial flooring solutions, offering everything from traditional carpet installation to specialized safety flooring for wet rooms and high-traffic commercial spaces. Their services encompass the complete flooring lifecycle, including initial consultation, professional installation, and ongoing maintenance support.
