

Custom Fireplace Patio & Bbq Celebrates 52 Years of Family-Owned Craftsmanship and Service

November 17, 2025

PLEASANTON, CA - November 17, 2025 -
Custom Fireplace Patio & Bbq, a family-owned outdoor living specialist serving the Bay Area since 1972, marks its 52nd year of business. The company has evolved from a small fireplace shop into a comprehensive outdoor living destination, serving generations of Bay Area families with outdoor kitchens, fireplaces, hot tubs, and luxury patio solutions.

Founded over five decades ago, the company began as a local fireplace and barbecue equipment store catering to homeowners, contractors, architects, and designers throughout the region. Now, the business has grown to encompass a full spectrum of outdoor living products and services, including custom outdoor kitchen design, louvered pergola systems, patio furniture, and spa installations.

The company's recent relocation to a 10,000-square-foot modern showroom in Pleasanton represents the latest milestone in its long history. Custom Fireplace Patio & Bbq now offers customers an immersive experience where they can explore extensive displays featuring contemporary design trends and the latest

outdoor living equipment. The expanded facility enables the company to better showcase its comprehensive range of services, from initial design consultation through installation and ongoing maintenance support.

"Our family has been helping Bay Area residents create outdoor spaces for 52 years, and this legacy of craftsmanship continues to guide everything we do," said Andy Ligon, President of Custom Fireplace Patio & Bbq. "The values my family established when we first opened our doors remain at the heart of our business today - quality products, expert guidance, and treating every customer like family."

The company's expertise spans multiple outdoor living categories, with specialized knowledge in gas fireplaces, high-performance BBQ grills, Renson louvered pergolas, and luxury hot tubs and swim spas. Each project benefits from decades of accumulated knowledge passed down through the family business, offering customers both cutting-edge products and time-tested installation techniques.

Custom Fireplace Patio & Bbq in Pleasanton, CA maintains partnerships with premium brands and offers comprehensive services that include on-site consultations, custom design development, professional installation, and post-installation support. The company's design consultation team works closely with customers to balance aesthetics, functionality, and luxury in creating seamless outdoor living environments.

"Being part of this community for over half a century has taught us that outdoor spaces are where families create their most cherished memories," added Ligon. "Whether someone needs a simple fireplace upgrade or a complete backyard transformation, we bring the same dedication and expertise that has defined our family business since day one."

Custom Fireplace Patio & Bbq continues to serve homeowners throughout California with its combination of family values, technical expertise, and commitment to customer satisfaction that has defined the company for 52 years. The Pleasanton showroom serves as both a retail destination and an experience center where customers can interact with products firsthand. This hands-on approach allows homeowners to make informed decisions about their outdoor living investments while receiving personalized guidance from experienced staff.
