

SCANDi Luxe Ride Rentals Reach $100,000 Milestone, Driven by Faith, Family, and Transparency

November 17, 2025

VIRGINIA BEACH, VA - November 17, 2025 -
In a year marked by economic uncertainty and shifting consumer habits, SCANDi Luxe Ride Rentals has reached a remarkable achievement ? surpassing $100,000 in verified Turo earnings for 2025. The milestone is more than a figure on a balance sheet; it represents a triumph of discipline, vision, and community values that have propelled the company from its humble beginnings to one of the most inspiring success stories in the luxury ride-sharing industry.

Founded on the core pillars of faith, family, transparency, and trust, SCANDi Luxe has grown into a brand synonymous with excellence and reliability in the luxury vehicle rental market. Its team has not only mastered the mechanics of fleet management but also built an ecosystem where integrity and teamwork remain the central drivers of every success.

This recent earnings milestone underscores the company?s sustainable approach to growth ? one built on service quality, accountability, and purpose. Behind the scenes are the relentless efforts of a dedicated team

led by CEO Jeremy Houske, whose leadership has guided the company through challenges that might have deterred less committed entrepreneurs.

?The $100,000 mark isn?t about the money,? said Jeremy. ?It?s a reflection of consistency, faith, and a team that believes in something larger than profits. From our Vehicle Host Specialists to our Active Duty Warriors, every member of this company operates with purpose. This milestone belongs to them ? to the families, to the late nights, and to the shared vision that has kept SCANDi Luxe united from day one.?

The announcement, first made within the SCANDi Luxe Inner Circle ? the company?s private Skool community ? generated an immediate wave of excitement and pride. Members described the milestone as a beacon of hope for aspiring entrepreneurs in the vehicle rental industry, many of whom view SCANDi Luxe as a model of how values-based business can lead to lasting financial success.

Through platforms such as Turo, SCANDi Luxe Ride Rentals has leveraged technology, operational precision, and customer service excellence to build a recognizable brand that resonates with both clients and peers. Each rental, review, and returning customer represents more than a transaction ? it reflects the trust that SCANDi Luxe has cultivated through transparency and communication. The company?s reputation for premium experiences and dependable service continues to set it apart in an increasingly competitive market.

Yet, according to Jeremy Houske, the achievement is only the beginning. ?This is a foundation,? he noted. ?Our focus is on legacy building ? mastering systems, empowering our hosts, and creating opportunities that extend beyond financial gain. The next stage of growth is about helping others replicate success through mentorship, structure, and community engagement.?

The company?s commitment to mentorship is evident through its Inner Circle community on Skool, where members gain access to live discussions, training sessions, and transparent insights from experienced fleet operators. The group has become a hub for serious entrepreneurs seeking financial independence, time freedom, and a network rooted in shared values.

Next week, two of SCANDi Luxe?s standout team members ? Shem and Pez ? will join a live Inner Circle Zoom session to share their firsthand experiences managing a growing fleet. Their discussion is expected to explore the mental, emotional, and spiritual aspects of entrepreneurship that often go unnoticed in the pursuit of financial success. The session reflects the company?s broader mission to educate, uplift, and inspire the next generation of vehicle rental professionals.

As the company continues to innovate and scale heading into 2026, its foundation remains unchanged: faith-driven leadership, family-centered teamwork, and an unshakable commitment to honesty and transparency. These values have not only fueled the company?s growth but also redefined what sustainable

success looks like in the sharing economy.

For those seeking to learn from the SCANDi Luxe model or to connect with a community of motivated entrepreneurs, membership in the SCANDi Luxe Inner Circle provides a rare opportunity for insight and collaboration. More information about joining the community can be found at https://www.skool.com/scandiluxeinnercircle.

Jeremy remains optimistic about the future. ?Faith and transparency are our compass. Family and teamwork are our fuel. As we move forward, our goal is not just to grow, but to help others build legacies of their own,? he said.

With its recent milestone, SCANDi Luxe Ride Rentals has solidified its place as a brand that not only achieves but inspires ? proving that when business is built on values, the results speak for themselves.
