# Partywalls London Highlights Surveying Services as Vicennium Surveyors LLP Expands Islington Operations

*November 19, 2025*

London, UK - November 19, 2025 -
Partywalls London, operating as Vicennium Surveyors LLP, continues to provide comprehensive party wall surveying and dispute resolution services across Islington and surrounding London areas, addressing the growing need for professional guidance in property boundary matters.

The firm specializes in party wall surveying, legal representation for disputes, boundary determination, and property boundary surveys throughout Islington's diverse neighborhoods, including Angel, Barnsbury, Canonbury, Clerkenwell, and Highbury. As construction and renovation projects increase across the capital, property owners increasingly require expert assistance navigating the complexities of the Party Wall etc. Act 1996.

Party wall matters arise when property owners undertake construction work affecting shared walls, boundaries, or structures close to neighboring properties. These situations require formal notices and agreements between building owners and adjoining owners to ensure legal compliance and maintain neighborly relations.

"Property owners often underestimate the importance of proper party wall procedures until disputes arise," said Chris Cooper, a spokesperson from Partywalls London. "Our role involves not just ensuring legal compliance, but also facilitating smooth communication between neighbors and preventing costly delays in construction projects."

Vicennium Surveyors LLP - Party Walls Islington services extend beyond basic surveying to include comprehensive solutions for all neighborly matters. The firm provides expert advice on when party wall notices are required, assists with obtaining necessary consents for construction work, and offers professional representation in dispute resolution proceedings.

The company maintains membership in prestigious professional organizations, including the Royal Institution of Chartered Surveyors (RICS), the Chartered Institute of Arbitrators, and the Pyramus and Thisbe Society. These affiliations underscore the firm's commitment to maintaining the highest professional standards in party wall surveying.

Beyond party wall services, the firm offers specialized expertise in right to light assessments, crane and scaffold licensing, and boundary determination. This comprehensive approach allows property owners to address multiple regulatory requirements through a single professional service provider.

The firm's three-step engagement process begins with initial contact and consultation, followed by detailed assessment and delivery of required documentation and services. This structured approach ensures transparency and efficiency throughout the party wall process.

Recent client feedback highlights the company's responsive service and transparent communication. Property owners throughout Islington, including areas such as Finsbury Park, Stoke Newington, and Tufnell Park, have benefited from the firm's expertise in resolving complex party wall matters.

Partywalls London operates from Berkeley Square House in central London, providing convenient access for clients throughout the capital. The firm's extensive coverage area encompasses all major Islington neighborhoods, ensuring local expertise combined with comprehensive knowledge of London property regulations.

As urban development continues to intensify in London, the demand for professional party wall surveying services remains strong. Partywalls London, through its specialized Vicennium Surveyors LLP division, continues to provide essential services that protect property rights while facilitating necessary construction

and renovation projects throughout Islington and beyond.
