March 16, 2016 -

The Portland, Oregon office of Express Employment Professionals has announced with pride that they reached their Circle of Excellence for 2015. Bryan Baker, a spokesperson for the agency states, "This was only accomplished through an amazing effort on behalf of our Express Family here in Portland and the incredible support we've had from our clients and associates. Thank you so much for helping us get there, Portland. We're excited to kick start a great 2016!"

The company has a team of certified staffers who visit companies to get an overall idea of what they need. They state that this onsite solution is what has helped them to reach this milestone.

"We aren't just an employment center," Baker explains. "We take the time to get to know your business, so that we can create a custom solution that is specifically designed just for you." He says that this hands-on focus is what makes the company better than many others in the area.

Express Employment Professionals has an international network of over 750 locations, which the company says helps them to cater to the specific, individual needs of each client. They offer a number of solutions from

direct hire and service search to evaluation hire, temporary, long term and contract placement options.

Their flexible staffing is a popular choice according to the employment agency, and allows them to provide staffing for companies whose resources fluctuate based on seasonal or ordering needs. They state that they accommodate companies with resources that are based on local hiring trends as well as educational programs and salary advice to ensure that all specific needs are met.

Baker states that this kind of focus, ensuring that each client is provided with individual solutions and treated for their individual needs, is what has helped them to reach their goal of excellence for 2015. The company has seen growth over the past year and states that they are likely to grow even more in the coming year.
