

Servpro Of Shakopee/Savage/Prior Lake Provides IICRC-Certified Excellence To Its Customers

November 20, 2025

SAVAGE, MN - November 20, 2025 -
SERVPRO of Shakopee/Savage/Prior Lake continues to demonstrate its commitment to professional restoration standards through its comprehensive IICRC certifications, reinforcing the company's position as a trusted disaster restoration provider serving the southwest Minneapolis suburbs. The locally owned business maintains certifications in water damage restoration, mold remediation, and fire damage restoration, ensuring customers receive industry-leading service quality.

Owner Scott Clemente has positioned the company as a cornerstone of emergency restoration services in the region, building on nearly three decades of local experience. The company's IICRC certifications represent adherence to the highest industry standards for restoration professionals, covering critical areas including water extraction, structural drying, mold remediation protocols, and fire damage restoration techniques.

"Our IICRC certifications reflect our unwavering commitment to providing the highest quality restoration

services to our community," said Scott Clemente, Owner of SERVPRO of Shakopee/Savage/Prior Lake. "These industry standards ensure our customers receive professional, reliable service when they need it most during emergency situations."

The Institute of Inspection Cleaning and Restoration Certification represents the global standard for the inspection, cleaning, and restoration industries. SERVPRO of Shakopee/Savage/Prior Lake's certified technicians undergo rigorous training and continuing education to maintain these credentials, ensuring they remain current with evolving restoration technologies and methodologies.

The company serves residential and commercial properties throughout the region, including surrounding communities. Their comprehensive approach covers water damage from burst pipes and flooding, mold remediation in basements and crawl spaces, fire damage restoration, including smoke and soot removal, and storm damage cleanup.

Emergency response capabilities remain central to the company's service model, with teams available around the clock and maintaining an average response time of one hour. This rapid deployment helps minimize secondary damage and begins the restoration process immediately, which proves crucial for successful property recovery.

The business operates as a family-operated enterprise, emphasizing community connections and local expertise. Their understanding of regional challenges, including harsh winters that frequently cause frozen pipes and ice damage, allows them to anticipate and address common property damage scenarios effectively.

Beyond restoration services, the company provides comprehensive insurance claims assistance, helping property owners navigate the documentation and communication processes required for proper coverage. Their experience with insurance protocols and industry-standard pricing systems streamlines the claims process for customers dealing with property emergencies.

The company's advanced equipment inventory includes industrial-grade water extraction systems, commercial dehumidifiers, air scrubbers for mold remediation, and specialized cleaning equipment for fire damage restoration. This technological capability, combined with IICRC-trained personnel, enables comprehensive restoration services from initial emergency response through complete property reconstruction.

SERVPRO of Shakopee/Savage/Prior Lake also offers comprehensive general contracting services, delivering a seamless, single-source solution for property owners navigating both the mitigation and rebuild phases of restoration. By managing the entire project from initial damage assessment through final

reconstruction, SERVPRO ensures continuity, accountability, and efficiency at every stage. This integrated approach not only streamlines communication and scheduling but also eliminates the common pitfalls of coordinating multiple contractors, such as delays, misaligned expectations, and inconsistent workmanship. With a dedicated team overseeing the full scope of restoration, customers benefit from enhanced quality control, faster turnaround times, and a more stress-free experience during what is often a disruptive and emotionally taxing period. Whether the damage stems from fire, water, mold, or storm events, SERVPRO?s end-to-end contracting capabilities provide peace of mind and reliable results.The company's commitment to professional standards extends beyond certifications to include ongoing community education about disaster preparedness and property maintenance. Their expertise in regional weather patterns and common property vulnerabilities helps property owners understand prevention strategies and emergency response procedures.

The company specializes in water damage restoration services and operates from its Servpro of Shakopee location. SERVPRO of Shakopee/Savage/Prior Lake's IICRC-certified excellence reinforces the company's three-decade commitment to serving communities with professional restoration services through maintained certifications, advanced equipment investments, and dedicated emergency response capabilities.
