Mountain Radiance Medical Spa Receives Multiple Awards in 2025 Community Choice Program

November 24, 2025

ASHEVILLE, NC - November 24, 2025 -
Mountain Radiance Medical Spa announces its recognition in the 2025 Best of Asheville awards program, earning honors across three categories. The physician-led medical spa received Gold recognition as ?Best Med-Spa,? while Dr. Mark Chandler earned Silver in the Doctor category. The practice also received Silver recognition as "Best Day Spa."

"We are incredibly humbled by this recognition from our community," said Dr. Mark Chandler, Medical Director of Mountain Radiance Medical Spa. "To be honored in three distinct categories reflects our team's dedication to providing exceptional care across all aspects of our practice. Our patients mean the world to us, and we are grateful for their support and the opportunity to care for them."

The Best of Asheville awards represent a community-driven program where local residents nominate and vote for their preferred businesses and healthcare providers. The voting process ensures that winners are chosen based on genuine patient experiences and community trust.

The Gold recognition in the Med-Spa category marks the third consecutive year Mountain Radiance has

received top honors in this category. The medical spa provides advanced aesthetic treatments including radiofrequency microneedling and exosome therapy, alongside traditional medical aesthetic services such as injectable treatments, dermal fillers, and laser therapies.

Mountain Radiance also offers comprehensive wellness services including Bioidentical Hormone Replacement Therapy, which addresses hormonal imbalances that can affect energy levels, sleep quality, and overall well-being. Dr. Chandler oversees all providers and services at the facility and performs many treatments personally. His Silver recognition in the Doctor category acknowledges his clinical expertise and patient-centered approach to aesthetic medicine and wellness care.

The practice's commitment to patient education and individualized treatment plans has contributed to its sustained recognition within the community. Mountain Radiance emphasizes a consultation-first approach, where providers work closely with patients to develop customized treatment strategies that align with individual goals and expectations. This patient-centered philosophy extends across all service offerings, from advanced laser treatments to relaxation-focused spa services.

"Our philosophy has always been that wellness encompasses both how you look and how you feel," Dr. Chandler explained. "These awards validate our approach of treating the whole person, whether they're seeking medical-grade aesthetic treatments or wellness services."

The Silver recognition for "Best Day Spa" acknowledges the practice's spa services, which include hydrafacials and customized facial treatments tailored to individual skin conditions and patient preferences.

Lauren Chandler, Practice Director at Mountain Radiance, commented, "Our recognition in the Day Spa category is especially meaningful because it shows that patients value not just our medical expertise, but also our commitment to creating a truly relaxing experience. We've worked hard to blend clinical excellence with the comfort and luxury patients expect from a premier spa environment. When patients tell us they look forward to their appointments as much for the experience as the results, we know we're achieving that balance."

Mountain Radiance Medical Spa is located at 7 Yorkshire Street, Suite 102, in Asheville, North Carolina. Those interested in scheduling consultations may visit the practice website or call (828) 627-2711.
