# Silver Creek Rentals Secures Dumpster Rental Service Contract with Trader Joe's in Franklin

*December 01, 2025*

December 01, 2025 -
Silver Creek Rentals, a waste management company based in Bowling Green, Kentucky, has secured a rental contract with Trader Joe's to provide dumpster services for the grocery chain's operations in the Franklin, Kentucky area. The agreement marks a significant commercial partnership for the regional waste management provider.

The contract encompasses comprehensive waste management solutions for the Trader Joe's location, with Silver Creek Rentals providing roll-off containers and regular service to support the grocery retailer's daily operations and waste disposal needs. The partnership demonstrates the local company's growing presence in commercial waste management services across South Central and Western Kentucky.

"Securing this contract with Trader Joe's represents an important milestone for our company and validates our commitment to providing dependable commercial waste management services," said Phares Martin, speaking for Silver Creek Rentals. "We understand the unique waste management requirements of grocery retailers, and our team is prepared to deliver the consistent, reliable service that Trader Joe's expects for their Franklin location."

Silver Creek Rentals offers a range of container sizes, including 12-yard, 20-yard, and 30-yard dumpsters, with rental periods extending up to 30 days. The company's service area spans multiple communities throughout the region, including Franklin, Bowling Green, Elkton, Russellville, Auburn, Hopkinsville, Madisonville, Greenville, and surrounding areas.

The Trader Joe's partnership adds to Silver Creek Rentals' portfolio of commercial clients across various industries. The company provides waste management solutions for construction sites, office cleanouts, retail operations, and landscaping projects. Their services include disposal of construction waste, yard waste, appliances, furniture, and electronic waste, along with recycling options for appropriate materials.

The company has also implemented an online booking system that allows both residential and commercial clients to visit Silver Creek Rentals to book a dumpster directly through their digital platform, streamlining the reservation process.

"This partnership with Trader Joe's allows us to demonstrate our capabilities in handling the waste management needs of major retail operations," added Martin. "We're equipped to handle the volume and frequency of service required by grocery retailers while maintaining our commitment to responsive, professional service."

For additional details about service areas and container availability, interested parties can see Silver Creek Rentals for more information through their established communication channels.

Silver Creek Rentals operates from its headquarters in Elkton, Kentucky, serving South Central and Western Kentucky with roll-off container rentals and comprehensive waste management services. The company specializes in both residential and commercial projects, offering flexible rental terms and multiple container sizes to meet diverse waste disposal needs across the Bowling Green metropolitan area and beyond.

Customers interested in learning more can find Silver Creek Rentals on Facebook, where the company maintains an active presence with updates about their services and coverage areas.
