March 16, 2016 - PRESSADVANTAGE -

Leven Rose, a natural beauty supply company based in Colorado Springs, Colorado, just announced the release of one of their newest products, 100% pure and organic Apple Seed Oil. Apple Seed Oil is rich in high essential fatty acids, antioxidants, and proteins that help calm inflammation and promote cell renewal in both hair and skin. Courtney Olson, of Leven Rose, states, "Our new oil has antifungal properties that are very helpful in eliminating acne and in reducing inflammation and redness."

This oil is able to balance the skin's natural pH and acidity, purify the skin and leave it blemish free. Olson says the fact that it is all organic makes it even better. She explains, "Organic, all-natural products are just better for you in general. We ensure that our Apple Seed Oil is completely pure, so you are getting nothing but natural ingredients, which is the best for your skin."

This natural Apple Seed Oil, which can be seen on the company's website at <http://www.levenrose.com/products/apple-seed-oil-1-oz>, can work as a clarifying treatment, can unclog pores and remove roughness, which leaves skin clear and blemish free.

Also, used as a light moisturizer, this oil is able to naturally increase collagen because of the fatty acids and antioxidants. With increased collagen, Apple Seed Oil helps to rebuild skin cells and diminish wrinkles. Leven Rose's Apple Seed Oil is 100% pure, all natural and unrefined, which is best for a healthy face and body.

Leven Rose offers a full money back guarantee on all purchases, and their oil is packaged in dark amber glass bottles, which helps to extend the shelf life by protecting it from harmful UV rays. It should be stored in a dry place and has a shelf life of two years from the date of purchase. This oil is currently available for purchase on Amazon at <http://www.amazon.com/TRUSTED-Leven-Rose-Apple-Seed/dp/B01CF535KE/>.

Leven Rose provides a number of consumer products, all natural and organic.
