

Valentino's Pizza Celebrates Growing Recognition as Long Beach's Top Pizza Destination

December 05, 2025

December 05, 2025 -
Valentino's Pizza, a restaurant in Long Beach since 1996, celebrates its growing recognition as the community's pizza destination with expanded menu favorites and enhanced service offerings that continue to meet the evolving needs of local families and businesses.

The family-owned restaurant has strengthened its position in the Long Beach culinary landscape through consistent quality, community engagement, and an expanded menu that now includes gluten-free options, customizable pizzas, and comprehensive catering services. The restaurant serves East Long Beach, Signal Hill, Carson, Lakewood, Orange, The Circle area, and the Zaferia District with dine-in, delivery, pickup, and catering options.

"After nearly three decades of serving Long Beach, we continue to focus on what matters most - quality ingredients, consistent preparation, and genuine community connection," said Tony, co-owner of Valentino's Pizza. "Our expanded menu offerings and service options reflect our commitment to meeting the diverse

needs of our customers while maintaining the authentic taste that has made us a local destination."

The restaurant's commitment to quality begins with fresh, in-house-made dough and sauce that simmers with zesty herbs. Menu offerings span from traditional hand-tossed pizzas to specialty creations, complemented by appetizers, calzones, submarines, fresh salads, wings, and desserts. Recent additions include gluten-free crust options on 10-inch pies and expanded customization choices that allow customers to personalize their orders from crust to toppings.

Valentino's Pizza In Long Beach has adapted its service model to accommodate modern dining preferences while maintaining its welcoming atmosphere. The casual, home-style dining room and outdoor patio provide gathering spaces for families, friends, and students from nearby California State University Long Beach. The restaurant's strategic location offers easy access from major streets and neighborhoods, positioned just minutes from The Circle.

"We recognize that our customers have different needs at different times, which is why we have invested in making our services as accessible as possible," added Alex, co-owner. "Whether someone wants to dine in our lively indoor space, enjoy our outdoor patio, order delivery through our partnership with Slice, or arrange catering for an event, we ensure every experience maintains the quality and care that defines our brand."

The restaurant's delivery service covers an extensive area throughout East Long Beach and surrounding communities, with orders boxed carefully and delivered hot and fresh. Pickup options include online ordering and direct phone orders with curbside service available. The catering division has expanded to serve various events with menu options designed to accommodate different tastes and dietary requirements.

Valentino's Pizza operates as a family-owned establishment that has grown from a neighborhood pizzeria into a Long Beach institution. The restaurant maintains its founding principles of quality, community, and consistency while continuously adapting to serve the changing needs of Long Beach residents and visitors. Through its combination of traditional pizza-making techniques, fresh ingredients, and comprehensive service options, the restaurant continues to provide a gathering place and food provider for the Long Beach community.
