Jewelers Trade Shop Approaches 70th Anniversary of Delivering Jewelry Services in Pensacola

December 05, 2025

PENSACOLA, FL - December 05, 2025 -
Jewelers Trade Shop, established in 1956, is nearing its 70th year of operation as a jewelry store in Pensacola, FL. The business has maintained a focus on custom jewelry designs and repair services throughout its history, providing access to timeless classics and luxury items for local residents.

The company began as a provider of jewelry designs in the Pensacola area, growing to include a range of products such as luxury fashion jewelry and watches. Among its offerings are Rolex Certified Pre-Owned watches and specific models like the Rolex Datejust, which cater to individuals seeking precision timepieces. Wedding and engagement jewelry also form a significant part of the inventory, with collections from Gabriel Co. Bridal available for those planning special occasions.

In addition to standard products, Jewelers Trade Shop emphasizes custom creation, allowing customers to collaborate on unique pieces tailored to personal preferences. Repair services address maintenance needs for existing jewelry, ensuring longevity for heirlooms and everyday items. These capabilities have supported the business's sustained presence in the community for decades.

The promotion of events like the Rolex SailGP Championship reflects the company's alignment with international brands and activities. This connection highlights the role of Rolex in sponsoring sailing competitions, which Jewelers Trade Shop shares through its platforms to inform interested parties.

Corbett Davis III, Owner of Jewelers Trade Shop, noted the significance of this milestone. "The approach to our 70th anniversary marks a period of consistent service to the Pensacola community, where custom jewelry designs have remained central to our operations," said Davis.

As the business looks toward 2026, it continues to offer these services without interruption. The inventory includes a variety of jewelry styles, from classic designs to more contemporary luxury options. Watches, particularly those from Rolex, receive attention due to their certified pre-owned status, which provides an alternative to new purchases.

Repair work covers a broad spectrum, from simple fixes to complex restorations, utilizing techniques developed over years of practice. This expertise contributes to the company's reputation in the region.

The bridal collection from Gabriel Co. includes engagement rings and wedding bands, designed to suit different tastes. These items often incorporate diamonds and other gemstones, with options for customization to match individual visions.

Jewelers Trade Shop also maintains a social presence, encouraging connections via Instagram for updates on products and events. This digital engagement complements the in-person experience, allowing a broader reach within the Pensacola area.

Davis further commented on the future direction. "As we near this anniversary, our commitment to providing repair services and luxury jewelry remains unchanged, supporting the needs of our community," said Davis.

The company's history traces back to its founding principles, centered on quality craftsmanship in jewelry. Over the years, it has adapted to include branded items like Rolex watches while preserving core services.

Timeless classics in the collection appeal to those preferring traditional aesthetics, while luxury-fashion pieces attract individuals interested in current trends. The balance between these categories has helped sustain operations through changing market conditions.

Wedding jewelry, in particular, represents a key segment, with the Gabriel Co. Bridal line offering structured choices for couples. Customization extends to these items, enabling modifications to fit specific requirements.

Rolex offerings stand out due to the brand's global recognition, with certified pre-owned models providing

verified quality. The Datejust model, known for its design features, exemplifies the type of watches available.

Promotion of the Rolex SailGP Championship serves as an example of how Jewelers Trade Shop engages with brand-related activities. This sailing event, held in various locations, showcases Rolex's involvement in sports, which the company highlights to its audience.

As part of its ongoing operations, Jewelers Trade Shop continues to focus on these areas, preparing for the upcoming anniversary. The milestone underscores the longevity of the business in Pensacola.

Jewelers Trade Shop operates as a provider of jewelry services, specializing in custom designs, repairs, and sales of luxury items, including watches and bridal collections.
