March 15, 2016 -
Village Hairstyles now provides customers with high quality, natural, Gold Fever hair extensions fit for any occasion, whether it's for a wedding, prom, concert, quinceanera, anniversary, birthday. This full service hair salon offers hairstyles, hair color, hair cuts, makeup, updo?s, skin care, corrective hair services, perms, facial waxing, lavish tanning, and hair conditioning.

David Gold established a hair extension company known as Great Lengths, but later his family diverted their shares and time out of the company because he felt it no longer fit his ideals and pioneering innovations. He started a new company called Gold Fever Hair Extensions which has quickly become the hair of choice among the established names in the industry. Gold Fever Hair Extensions owns a certificate of ethicality which enables them to use the finest authentic hand-picked Indian Ritual Hair on the market. The Gold family personally oversees the entire process from the bought hair to the handling of the product in the facilities. This ensures that their best and highest quality product is brought to market. The company holds a strong ethical origin and level of expertise.

The owner of Village Hairstyles, Hazel Love was personally invited by the Gold Family to represent Gold

Fever exclusively in the Lubbock area. The salon can now offer Gold Fever extensions at a special rate. With 28 years of experience, Village Hairstyles is happy to announce their accreditation with this company. Although this is not the only hair extension line they will be carrying.
