

Rigert Treppenlifte AG Expands Free Stairlift Consultation Services Across Central Switzerland

December 15, 2025

Küssnacht am Rigi, SZ - December 15, 2025 -
Rigert Treppenlifte AG, a leading Swiss mobility solutions provider with over 60 years of experience, has expanded its free consultation services throughout Central Switzerland to help more seniors and individuals with mobility challenges maintain their independence at home.

The expansion comes as Switzerland faces an aging population with increasing needs for accessibility solutions in residential settings. The company, which operates across German, French, and Italian-speaking regions of Switzerland, has enhanced its consultation program to provide comprehensive assessments for stairlifts without any cost or obligation to homeowners. The expanded consultation services reflect the company's commitment to making mobility solutions accessible to a wider audience. The company strives to help any home, knowing that each home brings unique challenges. Rigert Treppenlifte AG hires experienced consultants who work directly with families to

identify the most appropriate solutions for their specific situations.

The free consultations include detailed home assessments, measurements for custom installations, and personalized recommendations based on individual mobility needs. Rigert Treppenlifte's team of specialists evaluates factors such as stairway configuration, available space, and specific mobility requirements to determine the optimal lift solution for each residence.

As part of the Garaventa Group, Rigert Treppenlifte AG brings extensive expertise in mobility solutions to Swiss homes. The company's comprehensive range includes straight and curved stairlifts, platform lifts for wheelchair users, and specialized stair crawlers for temporary mobility assistance. Each solution is designed to integrate seamlessly with existing home architecture while meeting strict Swiss safety standards. Learn more here: https://rigert-treppenlifte-kuesnacht.localo.site.

The company has established a strong reputation throughout Switzerland, maintaining high customer satisfaction ratings for its consultation services, installation quality, and ongoing support. Recent installations have included solutions for narrow staircases in historic Swiss homes and modern platform lifts in multi-story residences.

Rigert Treppenlifte's expansion of consultation services also addresses the growing demand from healthcare facilities and senior living communities seeking reliable mobility solutions for their residents. The company's technical specialists provide project planning support and coordinate installations to minimize disruption to daily operations.

The initiative aligns with Switzerland's broader accessibility goals and supports aging-in-place preferences among senior citizens. By offering free consultations, Rigert Treppenlifte AG removes financial barriers that might prevent individuals from exploring mobility solutions that could significantly improve their quality of life.

Rigert Treppenlifte AG has been providing mobility solutions to Swiss homes and businesses since 1962. The company specializes in stairlifts, platform lifts, wheelchair lifts, and stair crawlers, offering complete services from initial consultation through installation and ongoing maintenance. With branches throughout Switzerland's German, French, and Italian-speaking regions, Rigert Treppenlifte AG continues to lead the industry in quality craftsmanship and customer service.
