Trendy Cabinets Unveils Expanded Custom Kitchen Cabinet Collections for Metropolitan Homeowners

January 09, 2026

ROSWELL, GA - January 09, 2026 -
Trendy Cabinets, a Georgia-based cabinet and remodeling specialist, announced the expansion of its premium cabinet collections to meet growing demand for personalized kitchen and bathroom solutions throughout the Atlanta metropolitan area. The company has enhanced its offerings with additional European frameless designs and traditional American cabinet styles, providing homeowners with more options for their renovation projects.

The expanded collection addresses the diverse design preferences of homeowners seeking Custom Kitchen Cabinets that combine quality craftsmanship with modern aesthetics. The company has introduced new door styles, finishes, and hardware options across both its frameless European and face frame cabinet lines, allowing for greater customization in residential projects.

"Homeowners today want cabinets that reflect their personal style while maximizing functionality and storage," said Enes Erdogan, a representative from Trendy Cabinets. "Our expanded collection provides more choices in materials, finishes, and configurations, enabling clients to create spaces that truly match their vision and lifestyle needs."

The enhancement comes as the company marks seven years of serving the Atlanta metropolitan area, having completed projects for over 500 customers across the region. The expanded offerings are available at the company's Roswell showroom, where clients can experience the quality firsthand and work with design consultants to select materials and finishes.

For residents seeking Kitchen Cabinets Roswell and the surrounding areas, the expanded collection includes fully custom options, semi-custom cabinetry, kitchen islands, pantry cabinets, and glass-front display cabinets. The company has also broadened its range hood selections and introduced new organizational accessories to complement its cabinet systems.

Trendy Cabinets maintains its commitment to providing comprehensive remodeling services alongside its cabinet offerings. The company offers complete project management from initial design consultation through installation, including countertop selection and backsplash coordination. Design consultants work closely with homeowners to ensure cabinet selections complement existing architecture and meet specific storage requirements.

The expansion extends beyond kitchen solutions to include enhanced bathroom offerings. The company now provides an increased selection of Bathroom Vanities Atlanta homeowners can choose from, including single and double sink configurations, floating vanities, freestanding options, and modern designs with integrated storage solutions.

The showroom experience allows customers to compare door styles, explore various wood species, and examine hardware options in person. This hands-on approach helps homeowners make informed decisions about their cabinet investments while receiving guidance from experienced design professionals.

Based in Roswell, Trendy Cabinets serves homeowners throughout the greater Atlanta metropolitan area, including Alpharetta, Johns Creek, Sandy Springs, Dunwoody, Marietta, Buckhead, Milton, and Brookhaven. The company specializes in custom cabinet design and installation, offering solutions for kitchens, bathrooms, and specialty storage areas. With a focus on quality materials and expert craftsmanship, Trendy Cabinets provides personalized service through every phase of the remodeling process, from initial measurement and design to final installation.
