

Best Dive Center In The Punta Cana Area Launches New Website

March 23, 2016

March 23, 2016 - PRESSADVANTAGE -

Global Divers Punta Cana, located in the Dominican Republic, has announced the launch of their new website. The company says that the new Global Divers Punta Cana website is designed to provide travelers with information about the Punta Cana region, as well as the diving opportunities in the area.

Punta Cana is one of the most popular vacation destinations in the Caribbean, hosting more than 60 all-inclusive resorts as well as a number of amenities. The Dominican Republic in general is a favored location for scuba divers and the company frequents a number of dive sites that divers will find fascinating, not only in Punta Cana but also in the Bayahibe - La Romana area.

Piet Van de Ven, owner and manager of the company states, "We developed our website to offer information about scuba diving in our area. We can't wait to welcome you in our family and to take you on an unforgettable adventure in the Caribbean Sea."

Global Divers Punta Cana provides recreational diving packages as well as courses designed to teach vacationers the ins and outs of scuba diving. The company has a staff of experienced, certified instructors to

help every visitor to make the most of their diving experiences once a basic Open Water Diver certification has been obtained.

"Beside the basic training for absolute beginners, we offer a number of specialty courses and diving excursions for the more experienced divers that visit us," says Piet Van de Ven.

Those interested in connecting with the dive center can also visit them on the Global Divers Punta Cana Facebook page, where they regularly post updates on the various dive opportunities and promotions.

The company is an official PADI dive center. PADI (Professional Association of Diving Instructors) offers a wide selection of dive courses including basic beginner courses which do not offer certification, as well as professional certification courses.

The company provides more information on the Global Divers Punta Cana Youtube channel, which also gives an insight into the various sites they regularly dive at. Those interested in learning more can visit the company on their newly designed website.
