

Tempe Air Conditioning Service And Repair Company Announces New Lennox Rebate Special

March 25, 2016

March 25, 2016 - PRESSADVANTAGE -

Scottsdale Air Heating & Cooling in Tempe, AZ, has announced a new Lennox rebate special. This enables those who get a qualifying Lennox system to be eligible to receive as much as \$1,500 back in refunds.

The Tempe air conditioning service and repair company announced the rebate return recently, stating that those needing a new system should take advantage of this special that will allow them to save a lot of money off the purchase of their system. Mike Cross, owner of the company, states, "Our staff is proud to provide home owners with a quality comfort system that makes their life better, and now we're thrilled that we can do this at a major discount for our customers."

Scottsdale Air Heating & Cooling has been providing services to customers in the area for more than 65 years. The company states that the rebate will be offered to customers who purchase qualifying new air conditioning systems before the June 10th, 2016 deadline. The company offers financing options through Wells Fargo or Service Finance Company to further assist customers with their purchase. "We want our customers to be comfortable, and we feel that financing along with a major rebate is a good way to do that,"

explains Mr Cross.

The company states that rebates begin at \$1,400 for qualifying Lennox systems, which include an air conditioner, heat pump, gas furnace, or air handler and thermostat. Also offered is a \$100 rebate on a Wi-Fi thermostat, which enables consumers to program their thermostat just once. When there is a change in routine, the system adapts heating and cooling to match that change.

Another \$100 rebate is being offered on iHarmony zoning, which is a precision climate control system that provides energy savings, and another \$100 rebate on PureAir, a system that cleans the air in the home. Overall, the company states that consumers can enjoy up to \$1,500 in total rebates when they purchase qualifying systems and system add-ons.

Those interested in learning more about the available rebates, or anyone interested in contacting the company for more information on a new system can do so through their official website at <http://www.scottsdaleair.com/rebates-specials/>.
