

Employees Given The Chance To Win Fresh Baked Cookies For Whole Office

March 22, 2016

March 22, 2016 - PRESSADVANTAGE -

Brooklyn's own online bakery is offering a chance for lucky entrepreneurs, office workers, and large corporations alike, to win cookies for the whole office. Anyone can win, and HR staff members are encouraged to share the contest with their staff members. Entry is simple, with entrants completing the online form, and sharing it through their social media channels for additional entries. Entries must be received by midnight on May 1st, 2016. The winner will be drawn at random the following week.

Gimmee Jimmy's Cookies CEO stated "We love building relationships, and our cookies are an incredible way to facilitate that in the office environment. We are now giving people the opportunity to be the hero of their office by winning an entire batch of our signature fresh baked cookies. It's as easy as filling out the online form and promoting us to on their social media."

Originally hailing from Hawthorn, New Jersey, Gimmee Jimmys Cookies was started as a neighborhood bakery in 1983, and have been baking delicious cookies and bakery products ever since. These cookies, combined with an extra attention to packaging detail, are particularly popular for entertainment and gift-giving. Each order is individually baked on the eve of the order (except the shabbath, as all products follow strict

kosher dietary laws), resulting in a gourmet treat to the delight of their customers.

Recently, Gimmee Jimmy's Cookies began developing technology to better serve its corporate clientele. With the hiring of its youngest CEO to date, Gimmee Jimmy's Cookies now offers a custom checkout experience for people who want to place between 2-200 orders in one click, by allowing customers to seamlessly upload their address books at checkout. "We are working to bridge the gap between our 'old world' bakery, and the new technologies available so as to better serve our customers. Soon, we will be able to seamlessly connect with CRM's, as well as allow on the go label making services and a charitable contribution component," said Mr Lewin.

Besides cookies, the company also makes brownies, babka crumb cakes, and rugelach. They are made using only the finest ingredients and are baked fresh every day in a spotless kitchen. The company prides itself on offering baking perfection, using responsibly sourced ingredients, all of which are made in the USA.

Those who have tried the cookies have been full of praise. "Gimmee Jimmy's Cookies are the closest thing to homemade that one can buy," says Jackie M on Facebook. "They are absolutely delicious. Thanks for helping me celebrate my 50th birthday with such a sweet treat."

The winner of the contest will receive a 14 lb. tin of brownies, rugelach and babka crumb cakes. Customers are also encouraged to take a look at the various corporate gift services that are offered by the company, as well as to engage with their lively Instagram and other social media pages. In sharing the contest, they will also give others the opportunity to experience the delights that the company offers. The winner will be announced shortly after the contest.
