

Siam Legal International Provides Guidance on New Tax ID Application Support for Thailand Privilege Members

January 02, 2026

Bangkok, Thailand - January 02, 2026 - PRESSADVANTAGE -

Siam Legal International, a Bangkok-based law firm and authorized General Sales and Services Agent for the Thailand Privilege program, is advising foreign residents on a newly introduced tax identification number application support service now available to Thailand Privilege members across all membership tiers.

The update comes as Thailand continues expanding digital verification systems across banking, government services, and financial transactions. As a result, obtaining a Thai tax identification number is becoming increasingly important for long-stay foreign residents, even in cases where no immediate tax liability exists.

The Thailand Privilege program, formerly known as Thailand Elite, has officially launched the Tax ID Application Support Service for members holding Bronze, Gold, Platinum, Diamond, and Reserve memberships. Through the Thailand Privilege concierge service, members may request assistance with document preparation and procedural guidance to help navigate the application process more efficiently.

While concierge support is available, applicants are still required to appear in person at the Thai Revenue Department due to the confidential nature of tax records. The service is designed to reduce administrative errors, prevent delays, and minimize misunderstandings during the application process, while maintaining compliance with regulatory requirements.

A Thai tax ID is no longer used solely for tax filing, said Rex Baay, Senior Consultant at Siam Legal International. Foreign residents increasingly need it to open or update bank accounts, purchase property, access government digital platforms, and meet broader compliance expectations tied to long-term residency in Thailand.

As an authorized GSSA for Thailand Privilege, Siam Legal International assists clients with membership tier selection, application preparation and review, submission coordination, and ongoing compliance with long-stay residency requirements. In addition to the new Tax ID support offered through Thailand Privilege, the firm provides complimentary tax-related services to Privilege members, including free annual tax filing for each year of membership, tax ID registration guidance and document preparation, and one hour of consultation with in-house tax lawyers.

These services complement other administrative assistance available to Thailand Privilege members, such as bank account opening support, Thai driver's license application guidance, and simplified 90-day reporting procedures. Together, they form an integrated support framework aimed at reducing the administrative burden faced by long-term foreign residents.

The Thailand Privilege program continues to attract expatriates and frequent travelers seeking long-term multiple-entry access to Thailand. Information about the expanded membership packages and benefits can be found at https://pressadvantage.com/i_story/82037-thailand-elite-visa-expands-membership-packages-for-long-term-thailand-residency. Membership options range from the Bronze tier at 650,000 baht for five years to the invitation-only Reserve tier at 5,000,000 baht for twenty years.

Siam Legal International is a full-service law firm with an established immigration practice, alongside corporate, property, family, and regulatory legal services.
