

Keathley Landscaping Expands Custom Retaining Walls and Stonework Services Across North Texas

January 09, 2026

GARLAND, TX - January 09, 2026 - PRESSADVANTAGE -

Keathley Landscaping has expanded its stonework and outdoor living space services throughout the Dallas metropolitan area to address increased homeowner interest in sophisticated landscape enhancements and functional outdoor environments. The expansion includes enhanced capabilities in natural and modern stonework installations, outdoor kitchens, fireplaces, and comprehensive drainage solutions designed specifically for North Texas properties.

The Dallas-based landscaping company, which has served the region since 2002, reports a significant increase in requests for custom stonework projects over the past year. The expanded service portfolio encompasses both traditional and modern design approaches, from timeless flagstone pathways to contemporary paver designs, addressing the diverse aesthetic preferences of North Texas homeowners.

"The growing demand for outdoor living spaces has transformed how homeowners view their properties," said Logan Keathley, NDS Certified Drainage Contractor and owner of Keathley Landscaping. "Property owners are increasingly seeking sophisticated stonework services that combine aesthetic appeal with practical functionality, whether that's creating beautiful retaining walls, installing outdoor kitchens, or solving complex drainage issues that have plagued their yards for years."

The expansion addresses critical property management needs beyond decorative enhancements. As an NDS Certified Drainage Contractor, the company specializes in solving complex yard drainage problems that are common in North Texas due to the region's clay soil and variable weather patterns. The integrated approach combines stonework installations with advanced drainage solutions, ensuring that outdoor improvements remain both beautiful and functional throughout seasonal changes.

Retaining walls represent a significant portion of the expanded services, serving both aesthetic and practical purposes for properties with elevation changes or erosion concerns. These structures, combined with the

company's expertise in grading and French drain installation, provide comprehensive solutions for properties experiencing water management challenges.

The company's enhanced stonework capabilities extend to outdoor living spaces, including outdoor kitchens, fireplaces, and fire pits designed to create functional extensions of indoor living areas. Additional services include flowerbed borders, hardscape surfaces, veneer installations, and both natural and modern stonework applications tailored to individual property requirements.

Beyond stonework services and drainage solutions, the company continues to offer its full range of landscaping services, including fence installation and repair, tree trimming and removal, landscape lighting, sod installation, and seasonal maintenance programs. This comprehensive service approach allows property owners to coordinate multiple outdoor improvements through a single contractor.

Keathley Landscaping operates throughout the Dallas metropolitan area, serving Highland Park, Preston Hollow, Lakewood, Lake Highlands, Allen, Frisco, Plano, Richardson, and surrounding communities. The company has built its reputation on providing practical, cost-effective solutions to complex landscaping challenges while maintaining high standards of craftsmanship and customer service. With over two decades of experience in North Texas landscaping, the company combines traditional landscaping expertise with modern techniques and materials to create outdoor spaces that enhance both property value and quality of life for homeowners throughout the region.
