

Keathley Landscaping Expands Custom Stonework and Retaining Wall Services Across North Texas

January 13, 2026

GARLAND, TX - January 13, 2026 - PRESSADVANTAGE -

Keathley Landscaping, a Dallas-based landscape design and installation company, has expanded its custom stonework and outdoor living space services throughout the Dallas metropolitan area in response to increased homeowner demand for sophisticated landscape enhancements and functional outdoor environments.

"The demand for quality stonework services has grown significantly as homeowners recognize the value these features add to their properties," said Logan Keathley, NDS Certified Drainage Contractor and owner of Keathley Landscaping. "From retaining walls that address elevation challenges to outdoor kitchens that transform backyards into entertainment destinations, we're seeing more homeowners invest in permanent landscape improvements that enhance both functionality and aesthetics."

The expansion addresses growing requests for custom stonework projects ranging from traditional flagstone pathways to contemporary paver designs, as well as outdoor living spaces that serve as functional

extensions of indoor areas. The company now offers enhanced capabilities in natural stonework installations, outdoor kitchens, fireplaces, and comprehensive drainage solutions designed specifically for North Texas properties.

As allen tx sod installers with over two decades of experience, the company has observed a shift in homeowner priorities toward creating cohesive outdoor environments. The expanded service portfolio includes natural and modern stonework installations, retaining walls and veneers, outdoor living spaces with kitchens and fireplaces, fire pit construction, and expertly crafted flowerbed borders.

The expansion also addresses critical property management needs through advanced drainage solutions. As an NDS Certified Drainage Contractor, the company provides French drain installations, comprehensive grading services, and custom-designed buried drainage systems tailored to address the unique challenges posed by North Texas clay soil. These drainage solutions complement the stonework services by ensuring proper water management around hardscape installations.

"Proper drainage is essential for protecting stonework investments and maintaining the integrity of outdoor structures," added Keathley. "Our certification and expertise allow us to integrate drainage solutions seamlessly with decorative elements, ensuring both beauty and functionality for years to come."

Keathley Landscaping Allen serves residential properties throughout Dallas, Preston Hollow, Lakewood, Lake Highlands, Highland Park, Allen, Fate, Frisco, Garland, Lavon, McKinney, Plano, Richardson, Rockwall, Rowlett, Sachse, Murphy, Parker, Lucas, Fairview, and Wylie. The company maintains comprehensive capabilities in fence repair and installation, tree trimming and removal, landscape lighting, patio covers, and seasonal maintenance programs.

Keathley Landscaping specializes in transforming outdoor spaces through professional landscape design, installation, and maintenance services. Established in 2002, the company provides comprehensive landscaping solutions including sod installation, hardscape construction, drainage systems, and custom stonework. The company has built a reputation throughout the Dallas metropolitan area for combining practical expertise with innovative design approaches to create functional and aesthetically pleasing outdoor environments.
