

Simba's Choice All Natural Dog Jerky Treat Recipes Provide Solution for Dog Owners Hunting for Safe and Healthy Treats

March 18, 2016

March 18, 2016 - PRESSADVANTAGE -

Savvy Pet Products, makers of Simba's Choice USA sourced and made grain free, gluten free, no corn, wheat or soy, beef and chicken dog jerky treats were created especially for dog owners who want to serve the best treats to their pets and find navigating nutrition labels challenging.

Simba's Choice beef and chicken dog jerky treats are 100% sourced and made in the USA in an FDA approved facility in limited quantities to guarantee freshness. Simba's Choice is grain free, gluten free and contains no corn, wheat or soy, which may be harmful to your dog. Each tender stick is loaded with high protein beef or chicken with natural sweet potatoes, a taste that dogs love, and never any filler or artificial preservatives of any kind. Simba's choice all natural dog jerky treat recipes are available for short time on a special offer here.

"Pet owners just want the best for their dogs," reports Aisulu Gates, Co-Founder of Savvy Pet Products. "One day I was in a pet store reading labels and I got so confused I left without buying anything. After hours of research, we created our own recipe that our Simba loves." Watch four lovable dogs enjoying Simba's

Choice chicken dog jerky treats recipes here.
