Faith Auto Glass Celebrates 26 Years of Windshield Replacement Service in Dallas

March 02, 2026

DALLAS, TX - March 02, 2026 -
Faith Auto Glass, a family-owned automotive glass repair shop serving the Dallas area since 2000, marks its 26th year of operations as the company enters 2026. The milestone reflects more than two decades of providing specialized automotive glass services to Dallas residents and businesses.

Established in 2000, Faith Auto Glass has built its reputation through consistent service delivery and technical expertise in automotive glass repair and replacement. The company specializes in windshield replacement Dallas services, addressing both routine replacements and complex installations involving modern vehicle technology.

"Reaching our 26th year represents thousands of satisfied customers who have trusted us with their automotive glass needs," said Jane Darcy, a spokesperson from Faith Auto Glass. "The automotive glass industry has evolved significantly since 2000, particularly with the integration of advanced driver assistance systems and specialized glass features. Our commitment has remained constant throughout these changes."

The company's service portfolio encompasses comprehensive automotive glass solutions, including

windshield repair and replacement for all vehicle types. Faith Auto Glass handles specialty installations for modern windshields equipped with defrost capabilities, built-in antennas, and rain sensors, ensuring replacement glass maintains all original vehicle features and functionality.

The company maintains a lifetime warranty on all labor, covering water leakage, air leaks, and installation-related issues. This warranty structure reflects the technical standards maintained across all service categories, from basic repairs to complete windshield replacements.

Mobile service capabilities allow Faith Auto Glass to perform auto glass replacement Dallas services at customer locations, accommodating both residential and commercial scheduling needs. This flexibility has become increasingly important as vehicle downtime impacts both personal and business operations.

Faith Auto Glass differentiates between new and used glass options, with windshield replacement installations exclusively utilizing new glass to ensure optimal safety and performance standards. The company's free quote system allows customers to specify their vehicle details, glass type requirements, and service preferences before scheduling appointments.

"Twenty-six years in the automotive glass industry has taught us that each vehicle presents unique requirements," added Darcy. "Modern vehicles incorporate increasingly sophisticated glass technology, from heads-up displays to acoustic interlayers. Our technicians stay current with these developments to ensure proper installation and calibration."

The Dallas automotive market has experienced substantial growth since 2000, with vehicle registrations increasing alongside population expansion. This growth has created consistent demand for professional automotive glass services, particularly as Texas weather conditions and highway debris contribute to windshield damage frequency.

Faith Auto Glass operates as a family-owned business in Dallas, Texas, providing windshield repair and replacement services alongside comprehensive automotive glass solutions. The company offers both shop-based and mobile services, maintaining a lifetime warranty on labor for all installations. Established in 2000, Faith Auto Glass specializes in both standard and specialty automotive glass services, including installations for modern windshields with integrated technology features.
