Elite SEO Consulting Named Top 5 Percent SEO Agency by Leading Industry Platform

December 30, 2025

COLORADO SPRINGS, CO - December 30, 2025 -
Elite SEO Consulting, a Colorado Springs-based search engine optimization firm, has earned recognition as a Top 5% SEO Agency from PrimeFirms, a premier B2B research and agency evaluation platform. The designation places the company among an exclusive group of high-performing SEO firms recognized for service quality, measurable results, and technical expertise.

PrimeFirms evaluates thousands of agencies globally, with only the highest-performing firms earning placement in the top five percent. The platform's rigorous assessment process examines verified performance indicators, including client outcomes, technical capabilities, online reputation, and overall market presence. Agencies must demonstrate consistent excellence and proven ROI-driven strategies to achieve this distinction.

The recognition highlights Elite SEO Consulting and its position within the competitive digital marketing landscape. The agency has built its reputation through a proprietary Quickest Path to ROI SEO methodology that combines technical optimization, content development, local SEO, and next-generation AI and LLM visibility optimization. This comprehensive approach has enabled clients across various industries to achieve

first-page Google rankings and sustained organic growth.

"Being recognized by PrimeFirms as a top 5% SEO agency validates our commitment to delivering measurable results rather than vanity metrics," said Michael Hodgdon, Founder and Managing Director of Elite SEO Consulting. "Our team focuses on building SEO strategies that generate leads, increase revenue, and remain resilient through algorithm changes and the rapid evolution of AI-powered search."

The agency's success stems from more than 27 years of collective SEO leadership experience within its team. Elite SEO Consulting serves clients across competitive sectors, including home services, construction, legal, medical, and professional services. The firm has gained recognition for delivering page-one results in months rather than years while maintaining transparency through detailed reporting and performance tracking.

PrimeFirms maintains its rankings through a transparent, unbiased system using authentic data from verified client reviews, overall star ratings, demonstrated expertise, portfolio quality, and client satisfaction metrics. The platform connects businesses with vetted service providers, ensuring that companies can identify and partner with agencies that have proven track records of success.

The distinction strengthens Elite SEO Consulting's market position as businesses increasingly seek experienced partners to navigate the evolving digital landscape. With search engines incorporating AI technologies and user behaviors shifting toward voice and conversational search, companies require SEO expertise that adapts to these changes while delivering consistent results.

Elite SEO Consulting offers a comprehensive suite of services, including Enterprise SEO, E-commerce SEO, Local SEO, National SEO, Regional SEO, Voice Optimization, and White Label SEO solutions. The agency also provides website-related services such as UI/UX design, website maintenance, and API integration. Each service is designed to address specific aspects of online visibility and digital performance.

The company maintains an active presence on LinkedIn, where it shares insights on SEO trends and strategies with its professional network. This platform serves as an additional resource for businesses seeking to understand the latest developments in search engine optimization and digital marketing.

Founded in 2018, Elite SEO Consulting operates with a partnership approach, taking time to understand each client's business goals and target audiences before crafting aligned strategies. The agency's mission centers on implementing SEO strategies that are both effective and sustainable for long-term digital growth.
