Gent Cuts & Grooming Eagen Expands Traditional Barber Services with Enhanced Classic Shave Experience

January 06, 2026

January 06, 2026 -
Gent Cuts and Grooming Eagan has expanded its traditional barbering services to include an enhanced Classic Shave experience, combining time-honored techniques with modern comfort at its Central Park Commons location. The expansion reflects growing demand for traditional grooming services among men seeking professional care beyond standard haircuts.

The Classic Shave service incorporates steaming towels, warm oil application, and rich lather preparation, followed by precise straight-razor techniques that include shaving both with and against the grain for optimal smoothness. Each service concludes with a cooling towel application and premium aftershave treatment, elevating the traditional barbershop experience for contemporary clients.

"Men are rediscovering the value of traditional barbering techniques that their grandfathers enjoyed, but they want these services delivered with modern standards of comfort and hygiene," said a Gent Cuts & Grooming spokesperson. "Our Classic Shave service bridges that gap perfectly, offering the ritual and precision of old-school barbering while ensuring every client feels relaxed and refreshed."

The barbershop in Eagan maintains its commitment to comprehensive grooming services, with each haircut including shampoo and conditioning treatments accompanied by a soothing head massage, precise cutting and styling, and a warm facial towel finish. The shop's team of skilled stylists, including Bengie, Sarah, Jeanne, Alfred, Mai, and Nakia, undergo regular continuing education to stay current with both classic and contemporary styling techniques.

The expansion of traditional services comes as men increasingly seek establishments that specialize in male grooming rather than unisex salons. The Central Park Village Drive location has earned a 4.5-star rating based on 320 customer reviews, reflecting consistent service quality across its range of offerings.

Beyond haircuts and shaves, the establishment provides beard trimming, facial hair grooming, and maintains an inventory of professional hair and grooming products. The shop also offers education and training programs in men's grooming techniques, supporting both professional development for industry workers and home maintenance guidance for clients.

The Eagan location operates seven days a week with extended hours to accommodate diverse schedules, offering online booking for client convenience. This accessibility has helped establish the shop as a destination for those seeking the best men's grooming services in the area.

Gent Cuts & Grooming operates multiple locations throughout the Twin Cities metro area, including St. Paul, Minneapolis, Edina, Eden Prairie, and Apple Valley. The company specializes in men's haircuts and grooming services, with pricing ranging from $41 to $51 depending on the selected stylist. Each location maintains the same commitment to quality service and professional expertise that has defined the brand since its establishment.
