January 27, 2026 -
Atiyeh Bros. Retail Showroom, a leading flooring specialist serving the Portland metropolitan area for decades, has expanded its selection of carpets and rugs to meet increasing demand for high-quality flooring solutions throughout Tigard, Lake Oswego, and West Linn.

The expansion comes as homeowners and businesses across the region seek premium flooring options that combine durability with aesthetic appeal. The showroom, located on Bonita Road in Tigard, now features an enhanced collection of both hand-made and machine-made rugs alongside traditional carpeting options, providing customers with comprehensive flooring solutions under one roof.

"The Portland area has seen remarkable growth in home renovations and commercial developments, driving demand for quality flooring that can withstand Pacific Northwest conditions while maintaining beauty and comfort," said a representative of Atiyeh Bros. "Our expanded selection reflects our commitment to providing the community with flooring options that meet diverse style preferences and practical requirements."

The Atiyeh Bros. Retail Showroom carpet store has built its reputation on combining extensive product knowledge with personalized service. The showroom maintains a 4.9-star rating based on over 200 customer reviews, reflecting its dedication to customer satisfaction and expertise in flooring solutions. The expansion enables the company to better serve customers seeking everything from traditional Persian-style rugs to contemporary carpet designs suitable for modern homes and businesses.

Beyond product sales, the company offers comprehensive carpet and rug cleaning services throughout the Portland metro area. These professional cleaning services utilize methods that are safe for children and pets, addressing a key concern for families in the region. The company also provides upholstery cleaning services, offering customers a complete approach to maintaining their home furnishings.

The timing of the expansion aligns with seasonal home improvement trends as property owners prepare for the upcoming months. With Oregon's wet climate presenting unique challenges for flooring maintenance, the showroom's expertise in both product selection and care has become increasingly valuable to local customers.

"Understanding the specific needs of Pacific Northwest homes requires decades of experience and deep knowledge of how different materials perform in our climate," added the representative. "Our expanded inventory includes options specifically chosen for their ability to maintain appearance and functionality despite moisture and temperature variations common to our region."

The showroom offers multiple shopping options to accommodate customer preferences, including in-store shopping for those who prefer to see and feel products before purchasing, as well as delivery services for added convenience. The facility also provides in-store pickup for customers who prefer to browse online before collecting their selections.

Atiyeh Bros. Retail Showroom has served the Portland metropolitan area for decades, specializing in carpets, rugs, and professional cleaning services. The company combines traditional craftsmanship knowledge with modern retail convenience, offering both hand-made and machine-made flooring solutions. The showroom serves residential and commercial customers throughout Tigard, Lake Oswego, West Linn, and surrounding communities.
