

Burnaby ICBC Claims Lawyer Permanently Offers No Fee Guarantee

March 29, 2016

March 29, 2016 - PRESSADVANTAGE -

Burnaby, BC, Canada law firm Cobbett & Cotton is pleased to announce that their no fee guarantee on ICBC Injury Claims has been a success. As a result, they have decided to offer it permanently. Clients injured in a road accident are guaranteed to pay no legal fee unless they receive more than ICBC is offering when they hire Cobbett & Cotton to take over their claim.

John Hamilton from Cobbett and Cotton Lawyers says: "We don't want anyone to feel pressured to stop treatment or to settle too soon. Accident victims can get our help knowing that our fee won't erode an offer ICBC has already made. They can focus on continuing to heal, while we deal with ICBC. Our job is to get full recovery of medical costs and the settlement that is deserved, when our client is ready."

All potential clients of Cobbett & Cotton with valid injury claims are offered the no fee guarantee, even when ICBC has not made an offer (deemed \$0 offer) or has not admitted fault for the accident.

Cobbett & Cotton has been serving the City of Burnaby for over 60 years in the areas of ICBC Injury Claims, real estate, wills & estates, and small business commercial law.

Clients are also encouraged to like the law firm's Facebook page to get further information about the guarantee, and about other industry news. This will also provide them with an opportunity to become involved in discussions with their peers. The page has recently been launched and it is already attracting a lot of attention from people who have been involved in accidents and are looking for professional help.

John Hamilton is an ICBC injury lawyer with over 19 years experience helping accident victims successfully resolve their cases. He encourages people to contact him as soon as possible, as ICBC cases do have time limitations placed on them. "We understand the impact that your injuries have on your life, and we treat you with compassion and respect. Don't delay in giving us a call. You have just 90 days to apply for ICBC injury benefits and usually only 2 years to start a lawsuit before your right to injury compensation is lost."
