Singapore Internet Marketing Company Launches New Services For Local Businesses

March 28, 2016

March 28, 2016 -
Singapore Social Media Marketing is a new business that has recently launched a new kind of internet marketing service. The Singapore based company states that their services are specifically designed to help local businesses promote themselves online.

Anthony Yap, founder of the company, states, "Whether your business is online or offline, you have to have a strong internet presence in today's technological age. Our local marketing services will help you to get your business on the internet map, and gain awareness and ultimately, more customers."

The company offers a number of marketing services, which can be seen in detail at http://www.singaporesocialmediamarketing.com/local-business-pages/. Yap states that their goal is to provide a strong online presence for local businesses, which will ultimately help them to maximize their local presence in search results. Yap explains, "Even if you don't have an online business, internet awareness is crucial so that local customers will know about you and how to find you."

The company's marketing management services, which can be seen at

http://www.singaporesocialmediamarketing.com/management/, are designed to promote local business, focusing on local search for small to medium sized companies. Yap states that promoting local business pages helps businesses to connect directly with their local customer base, and that the company can optimize local business listings while also keeping current business information up to date.

Yap states that Singapore Social Media Marketing can help businesses to rank their websites for online traffic increases, update social media pages on a regular basis, and generally increase visibility of local business pages for local search results.

Singapore Social Media Marketing is an internet marketing firm that has a presence in Singapore as well as in the United States. The company offers a number of internet related marketing services including SEO, video and email marketing, and local business page optimization. Yap points out that the company was founded on the values of integrity, honesty, and hard work and focus on delivering quality results for clients in every aspect of their business operation.
