Mills Heating & Air HVAC Company Opens New Location in Crestview Florida

February 02, 2026

Fort Walton Beach, Florida - February 02, 2026 -
Mills Heating & Air, a veteran-owned HVAC company with over 40 years of experience serving Northwest Florida, has expanded its operations with a new service location at 1455 S Ferdon Blvd A2 in Crestview, FL 32536. The facility, which opened in July 2025, represents the company's fourth location in the region and strengthens its ability to provide heating and cooling services to residential and commercial customers throughout the Florida Panhandle.

The Crestview location allows Mills Heating & Air to respond more quickly to air conditioning repair and HVAC maintenance requests in Okaloosa County and nearby areas, including Niceville, Valparaiso, and Choctaw Beach. This expansion meets the rising demand for HVAC installation, repair, and pre-season inspections driven by local growth and the need for energy-efficient solutions.

"Opening this Crestview location allows us to better serve the families and businesses who have relied on us for decades," said Chris White, owner of Mills Heating & Air. "With our EPA and NATE-certified technicians now based in Crestview, we can respond more quickly to emergency HVAC repairs and routine maintenance, reducing homeowner downtime by an average of 2-3 hours. Our team values being part of the

Crestview community, and this expansion demonstrates our commitment to serving our customers where they need us most."

The Crestview facility is a full-service HVAC center, offering air conditioning repair, installation, furnace repair, winter heating system maintenance, heat pump services, and indoor air quality solutions. It also serves as the regional hub for commercial HVAC services, supporting businesses Northwest Florida.

From the Crestview facility, Mills Heating & Air's commercial division serves restaurants, retail stores, medical facilities, offices, and industrial properties in the area. The team provides HVAC installation, rooftop unit repair and replacement, and smart control integration to help reduce energy costs. With experience in new construction and retrofits, Mills delivers customized solutions to minimize downtime and improve energy efficiency. The team also manages multi-unit properties, maintenance contracts, and emergency commercial AC repairs to keep businesses operating year-round.
