

Its2Cool Expands Party Chair Rental Inventory to Meet Rising Demand for Massachusetts Events

January 31, 2026

January 31, 2026 -
Its2Cool, a Canton-based party rental and event services company, has expanded its party chair rental inventory and service capabilities to accommodate the growing demand for event rentals across Massachusetts and surrounding areas. The expansion addresses increased requests for diverse seating options as corporate gatherings, private celebrations, and community events continue to rebound throughout the region.

The company has enhanced its rental catalog to include an extensive selection of seating solutions, ranging from traditional brown chairs to elegant gold Chiavari chairs, high-top Chiavari options, and specialized toddler chairs for family-friendly events. The expanded inventory also features complementary items such as spandex chair covers, various tent sizes from 10x10 canopies to 20x60 structures, and round and rectangular tables in multiple configurations.

"The demand for quality event rentals has surged significantly as organizations and families return to

in-person gatherings," said Sophia Williams, a spokesperson from Its2Cool. "By expanding our chair rental inventory and ensuring we have options for every type of event, from intimate backyard parties to large corporate functions, we're helping our clients create memorable experiences without the stress of equipment logistics. Customers interested in learning more about available options can visit our website."

The timing of this expansion aligns with peak event season in Massachusetts, where outdoor celebrations, graduation parties, corporate picnics, and wedding receptions drive substantial demand for rental equipment. Its2Cool has structured its operations to provide delivery services from 7 AM to 12 PM, with next-day pickup options available, ensuring efficient service across their extensive delivery area.

Beyond chair rentals, the company maintains a comprehensive event rental portfolio including inflatable attractions, water slides, obstacle courses, movie screens in various sizes, and specialty items such as photo booths, arcade games, and concession machines. The company also operates private event spaces in Canton, offering both large and small suite options for indoor celebrations, including bar mitzvahs, sweet 16 parties, and corporate gatherings.

The expansion reflects broader trends in the event rental industry, where versatility and variety have become essential as event planners seek to create unique experiences. Its2Cool has positioned itself to serve this evolving market by maintaining diverse inventory options and flexible rental terms that accommodate events of all sizes and styles.

"Interested parties can follow us on instagram for updates on new inventory additions and event inspiration," added Williams. "We maintain an extensive FAQ section and provide detailed delivery information to ensure smooth rental experiences for all of our clients."

Its2Cool continues to serve as a comprehensive resource for event planning needs throughout Massachusetts, offering everything from basic seating arrangements to complete party packages including entertainment, catering equipment, and venue space. The company's Canton facility serves as both a distribution center for rental equipment and a venue for indoor events, providing centralized operations that support efficient service delivery across the region.
