

PowerUp Electrical Solutions Expands Comprehensive Contractor Services Across Suffolk

February 20, 2026

Peterborough, CAM - February 20, 2026 -
PowerUp Electrical Solutions Ltd has announced the expansion of its comprehensive electrical services portfolio to meet growing demand across Suffolk's residential and commercial sectors. The company has enhanced its service offerings to include advanced smart home systems, commercial battery storage solutions, and electric vehicle charging infrastructure alongside its established electrical installation and maintenance services.

The Suffolk-based electrical contractor has responded to increasing requests for modern electrical solutions by broadening its technical capabilities across multiple service areas. The expansion encompasses both domestic and commercial electrical services, including emergency response, electrical design, indoor and outdoor lighting solutions, CCTV and security systems, and comprehensive inspection and testing services.

"The electrical industry continues to evolve rapidly with new technologies and changing customer needs," said Jay Alibhai, Managing Director of PowerUp Electrical Solutions Ltd. "Our expanded service portfolio

ensures that property owners across Suffolk have access to qualified professionals who can handle everything from traditional electrical installations to cutting-edge smart home systems and EV charging stations."

PowerUp Electrical - Electrical Contractor Suffolk now serves an extensive geographical area including Aldeburgh, Beccles, Brandon, Bungay, Bury St Edmunds, Clare, Eye, Felixstowe, Hadleigh, Halesworth, Haverhill, Ipswich, Kesgrave, Lakenheath, Leiston, Lowestoft, Mildenhall, Needham Market, Newmarket, Orford, Saxmundham, Southwold, Stowmarket, Sudbury, and Woodbridge. This wide coverage area allows the company to provide consistent, professional electrical services to both urban and rural communities throughout the region.

The company's commercial division has particularly strengthened its offerings to include three-phase power supplies, commercial battery storage systems, and specialized services for landlords and property management agents. These additions complement existing commercial electrical design, installation, and maintenance services that help businesses maintain compliance with UK electrical regulations.

For residential customers, PowerUp Electrical Solutions Ltd provides essential services ranging from fuse board upgrades and consumer unit replacements to complete home automation systems. The company maintains round-the-clock emergency electrical services to address urgent issues that may arise outside standard business hours.

"Our commitment extends beyond simply installing electrical systems," added Alibhai. "We focus on providing ongoing maintenance and support to ensure that every installation continues to operate safely and efficiently throughout its lifespan. This approach has proven particularly valuable for our commercial clients and property management partners who require reliable, long-term electrical service relationships."

The expansion of services comes at a time when electrical safety regulations continue to evolve and property owners face increasing pressure to modernize aging electrical infrastructure. PowerUp Electrical Solutions Ltd's comprehensive inspection and testing services help property owners identify potential issues before they become serious problems, ensuring compliance with British electrical standards.

PowerUp Electrical Solutions Ltd specializes in the installation, maintenance, and repair of electrical systems for residential and commercial properties throughout Suffolk. The company combines professional excellence with personalized service, offering competitive pricing while maintaining high standards of quality and safety compliance.
