

Under Door Draft Stopper Awarded #1 New Release Badge on Amazon.com

March 25, 2016

March 25, 2016 -

Sanford, FL - Monika?s Marketplace, a top rated vendor on Amazon.com, has received the #1 New Release Badge for their under door draft stopper in the Under Door Draft Stoppers category.

Earning the #1 New Release Badge on Amazon.com is a badge that is awarded to products that have a significant amount of sales during a set timeframe. In addition, the product has to be a ?new release? in the specific category, in this particular case, it is the Under Door Draft Stoppers category.

The under door draft stopper has some unique features that sets it apart from its competition. First of all, it is 37 inches in length (perfect for a standard 36-inch door), therefore it covers a bit extra on each side of the door for maximum blocking of cold drafts. The under door draft blocker weighs 1.4 pounds, with weighted rocks on both ends and in the middle, which is ideal for it to stay in place. The door draft blocker also comes with a hanging rope to hang up on a hook for easy storage as well as a bonus storage bag to put away when not in use.

Currently, the under door draft stopper is available in three different colors ? black & silver, brown & burgundy and red suede ? but they do sell out very quickly.

?It adds nice, bright color to the room and blocks the air from the outside hallway ? all that I had hoped for,? said EmmaSofia, a happy customer of the red under door draft stopper.

?We are very excited that we?ve been awarded the #1 New Release badge for our under door draft stopper. Last week we were awarded the #1 Best Seller Badge ? so it has been a very well received. We are happy that we can help keep people warm this cold winter season,? said Monika, a company representative.

Monika?s Marketplace?s under door draft stopper is available on Amazon.com in a variety of different colors.
