

Arrowhead Clinic Chiropractor Newnan Enhances Patient Recovery Through Integrated Legal Support Services

January 30, 2026

NEWNAN, GA - January 30, 2026 -
Arrowhead Clinic Chiropractor Newnan has strengthened its comprehensive approach to accident injury recovery by coordinating directly with trusted personal injury attorneys to ensure patients receive complete care without financial burden. The integrated service model allows injured individuals to access necessary medical treatment while securing appropriate legal representation for maximum compensation.

The Arrowhead Clinic Newnan office provides specialized chiropractic care for accident victims while facilitating connections with experienced legal professionals who understand the complexities of personal injury cases. This dual approach addresses both immediate medical needs and long-term financial recovery for patients dealing with injuries from car accidents, workplace incidents, and other traumatic events.

"Patients often face overwhelming challenges after an accident, from managing pain to navigating insurance claims," said Dr. Frank Bostic, DC, lead chiropractor at the Newnan facility. "By working directly with qualified

attorneys, we ensure our patients receive the medical care they need immediately without worrying about upfront costs, while also protecting their legal rights for fair compensation."

The clinic's attorney referral program operates through an established network of local personal injury attorney referral partners who specialize in accident cases. These legal professionals work on contingency, meaning patients pay nothing unless their case results in a settlement or favorable verdict. Through attorney liens, medical treatment costs are covered during the recovery process, eliminating financial barriers to essential care.

Arrowhead Clinic's approach addresses a critical gap in post-accident care. Many injury victims delay or forgo treatment due to cost concerns, potentially worsening their conditions and weakening their legal cases. The clinic's integrated model ensures continuous documentation of injuries and treatment, strengthening both medical recovery and legal claims.

The Newnan facility offers comprehensive diagnostic services to identify injury extent and develop personalized treatment plans. Common conditions treated include whiplash, back injuries, neck pain, and other musculoskeletal trauma resulting from accidents. Each patient receives individualized care protocols designed to restore function and reduce pain.

"Documentation and timing are crucial factors in both recovery and legal proceedings," noted Dr. Bostic. "Our coordinated approach ensures proper medical records are maintained from the initial consultation through complete recovery, providing the evidence needed for successful legal outcomes while prioritizing patient health."

The clinic maintains relationships with attorneys experienced in various accident types, including automobile collisions, motorcycle accidents, workplace injuries, and slip-and-fall incidents.

Arrowhead Clinic has served Georgia communities for over 48 years, operating 18 locations throughout Georgia and South Carolina. The Newnan location continues the organization's commitment to accessible, comprehensive injury care. The clinic specializes in treating acute and chronic pain conditions resulting from accidents, utilizing advanced chiropractic techniques and modern diagnostic equipment.
