

Palmate Home And Garden Launches New Facebook Page

April 28, 2016

April 28, 2016 - PRESSADVANTAGE -

Online magazine and product review resource Palmate Home and Garden website has announced the launch of their new Facebook page. The site is a popular space for the garden enthusiast, providing in-depth home and garden product reviews and information. Company spokesperson Pete Bowes commented on the Facebook page launch stating, "We are so pleased to have our Facebook page up and running. We're going to be offering a lot of information on our social media channels and invite all of our readers to stay tuned for future updates."

Pete Bowes reveals that the company hopes to expand their product review network to all social media channels in the coming months. The Palmate FaceBook page is currently live and being updated regularly with information regarding new product reviews that are available on the company's website.

Palmate Home and Garden offers information regarding new products as well as popular existing home and garden products. On their website, readers will also find gardening news as well as the Palmate Blog, which provides information related to a number of consumer focused issues and topics.

"Our goal is to be the most informative company on the internet when it comes to homes and gardens," Bowes says. "We review products quite regularly, and offer unbiased comprehensive reviews, listing details, benefits, drawbacks, and anything else related directly to those products."

Bowes says that the company's new Facebook page is just the start of their social media networking push, and that readers can find various updates and other information on the page, as well as being able to connect directly with the company in an informal manner. He states that they plan to use their new Facebook page as a means of conversing with readers, answering questions, and generally keeping their readers current on the latest home and products. He says that the company hopes all of their readers will visit and like their new Facebook page to receive updates as they are released.

Those who are interested in learning more about the company can visit their new social media pages, or see reviews that they currently have posted on their official website, which can be accessed at www.palmategardening.com.
