

# Fix-It Right Plumbing Reaches 3,000 Customer Reviews, Reflecting Long-Term Customer Engagement

*February 03, 2026*

CARRUM DOWNS, VIC - February 03, 2026 -
Fix-It Right Plumbing, a respected Australian-owned plumbing company servicing Melbourne, Canberra, Geelong, and surrounding regions, today announced a significant milestone: the achievement of 3,000 customer reviews across its digital platforms. This accomplishment reflects growing community trust in the company?s preventive approach, long-term plumbing solutions, and dedication to high-quality service delivery.

The company, which has steadily expanded since its early beginnings, has long been known for its technical excellence and customer-first philosophy. Fix-It Right Plumbing reports that more than 2,200 of these reviews are on Google alone, with an average rating of 4.9 stars. Customers consistently highlight prompt response times, professional workmanship, respect for their homes, and clear, helpful communication. Reaching 3,000 reviews across all platforms further reinforces the company?s standing as a reliable partner for homeowners seeking dependable plumbing solutions.

Fix-It Right Plumbing attributes this milestone to an operational model focused on preventing recurring issues, rather than offering quick fixes. The team?s commitment to diagnosing underlying problems, especially in areas such as blocked drain clearing, drain relining, hot water systems, and TAPS, has resonated deeply with customers looking for technicians who prioritise long-term reliability.

?Reaching 3,000 reviews is not just a number for us; it?s a reflection of the trust our customers place in our team every single day,? said a spokesperson for Fix-It Right Plumbing. ?We?ve always believed that plumbing should be done right the first time. Our customers value transparency, clear communication, and solutions that last and this milestone shows that those values truly matter to the families and households we serve.?

The company?s technicians undergo continuous training to ensure their work remains at the highest standard and keeps pace with evolving plumbing technologies. This dedication to excellence has helped Fix-It Right Plumbing build strong relationships with homeowners who seek reliability, consistency, and the reassurance that they will receive honest, practical solutions.

Fix-It Right Plumbing recently introduced a refreshed logo and updated branding assets, an effort designed better to reflect the company?s evolution and core operational values. The enhanced visual identity emphasises professionalism, service quality, and the preventive approach that has long set the company apart.

?The refreshed branding is a celebration of who we?ve become,? the spokesperson added. ?As we?ve grown, so has the responsibility to represent our values clearly and confidently to our customers. Our new look reinforces our dedication to reliability and service integrity; principles that have brought us to this 3,000-review milestone.?

The rebrand coincides with ongoing investments in customer care systems, fleet upgrades, and training programs that equip technicians to deliver seamless service experiences. By aligning its brand presentation with its performance standards, Fix-It Right Plumbing continues to reinforce its commitment to the communities it serves.

With operations spanning Melbourne, Canberra, and Geelong, Fix-It Right Plumbing has established itself as a go-to provider for homeowners seeking expert assistance with plumbing issues ranging from blocked drains to hot water access. Over the years, the company?s local technicians have become trusted faces within their respective service areas.

Customers often highlight the ease of booking, transparent pricing, and respectful handling of homes and properties. Many reviews praise the technicians? dedication to explaining root causes, offering practical

options, and ensuring customers feel informed before any work begins.

This approach has proven especially impactful in services such as drain clearing, where proper diagnosis and preventive care can mean the difference between a one-off repair and repeated disruptions. With a strong emphasis on education and transparency, Fix-It Right Plumbing helps customers better understand their plumbing systems and make informed decisions.

Fix-It Right Plumbing is a respected Australian-owned company serving residential customers across Melbourne, Canberra, Geelong, and surrounding regions. Known for its preventive approach, technical excellence, and dedication to customer service, the company delivers long-term plumbing solutions through a passionate, highly trained team. Since its beginnings, Fix-It Right Plumbing has steadily grown among households across its service areas and has accumulated more than 2,200 Google reviews, averaging 4.9 stars. Reviewers frequently highlight prompt response times, professional workmanship, and clear communication as hallmarks of the service. The company?s refreshed logo and ongoing rebranding efforts mark a milestone in its evolution, aligning its visual identity with its operational values and reinforcing the trust it has built within local communities.

Fix-It Right Plumbing offers a comprehensive range of plumbing services, including blocked drain clearing, drain relining, hot water access, and general plumbing repairs. Its team of trained and experienced plumbers focuses on providing practical, long-lasting solutions for homeowners and businesses.
