

The Slimee Expands Kids Birthday Party Entertainment Services Across Paramus Locations

February 13, 2026

PARAMUS, NJ - February 13, 2026 -
The Slimee, a slime-making entertainment company specializing in children's events, has expanded its birthday party offerings at both Garden State Plaza and Paramus Park Mall locations to meet growing demand for interactive celebration experiences in northern New Jersey.

The expansion enables The Slimee to accommodate larger groups and provide increased scheduling flexibility for families planning a Kids Birthday Party in Paramus. The Paramus Park Mall location can now host fully private parties for up to 150 children any day of the week, while the Garden State Plaza location continues to offer private parties for up to 40 children on weekends, with semi-private options available during weekdays.

Each party package features guided slime-making activities where children create their own customized 8-ounce fluffy slime under the supervision of trained facilitators. The comprehensive packages include all necessary materials, food service, and last between 1.5 to 2 hours, providing parents with a complete

entertainment solution that requires no cleanup or additional planning.

"We recognized that parents were seeking unique entertainment options that combine creativity with education while keeping children engaged throughout the celebration," said Zeynep Kocacal, founder of The Slimee. "Our expanded capacity allows us to serve more families across northern New Jersey while maintaining the personalized attention and quality experience that makes each party memorable."

The company's approach integrates science education with creative play, allowing children to learn about polymers and chemical reactions while enjoying a social experience. All ingredients used in the slime-making process are non-toxic and safe for children of all ages, addressing parents' concerns about safety during hands-on activities.

The Slimee's services address common challenges parents face when planning a Kids Birthday Party in NJ, eliminating the stress of coordinating multiple vendors, managing supplies, and handling post-party cleanup.

Beyond traditional birthday celebrations, The Slimee offers various programs, including summer camps for children aged 4-9, off-site workshops for schools and private events, and drop-in studio sessions. The expansion comes as families increasingly seek alternatives to conventional party venues, preferring experiences that offer both entertainment and educational value.

The company has established itself as a premier destination for children's entertainment in the region, combining hands-on activities with a safe, supervised environment. The expansion of party offerings reflects the growing trend toward experiential celebrations that create lasting memories while providing educational benefits.

Each Kids Party Paramus NJ location provides dedicated party spaces designed to inspire creativity and laughter, with professional facilitators managing all activities from start to finish.

The Slimee operates as a women-owned, LGBTQ+ friendly business committed to creating inclusive spaces where all children can explore their creativity. With locations at Garden State Plaza and Paramus Park Mall, the company serves families throughout Bergen County and surrounding areas, offering convenient access to unique party entertainment that blends science, art, and fun into one comprehensive experience.
