

Davis & Son Expands Comprehensive Plumbing Services Throughout Southwest Missouri

February 25, 2026

MONETT, MO - February 25, 2026 - PRESSADVANTAGE -

Davis & Son, a leading HVAC and plumbing contractor serving Southwest Missouri for over four decades, announces the continued expansion of its comprehensive residential and commercial service offerings across eight counties in the region. The company reinforces its commitment to providing reliable plumbing, heating, and cooling solutions while maintaining the rapid response times and quality workmanship that have defined its reputation since inception.

The expansion of Davis & Son Plumbing Services encompasses a full spectrum of residential and commercial solutions, including advanced leak detection, drain cleaning, water heater installation and repair, sewer line maintenance, and emergency plumbing services. The company serves Barry, Lawrence, Christian, Greene, Jasper, Newton, McDonald, and Stone counties, with dedicated service teams covering Springfield, Cassville, Monett, and surrounding communities.

"Our growth throughout Southwest Missouri reflects the trust our customers place in us and our commitment

to being there when they need us most," said Kristen, a spokesperson from Davis & Son. "Whether addressing a minor leak or managing a major plumbing emergency, our experienced technicians bring the same level of professionalism and expertise to every service call. We understand that plumbing issues can disrupt daily life and business operations, which is why we prioritize quick response times and lasting solutions."

Recent investments in advanced diagnostic equipment and ongoing technician training have enhanced the company's ability to identify and resolve complex plumbing issues efficiently. The company employs state-of-the-art leak detection technology, video inspection equipment for sewer lines, and modern techniques for pipe repair and replacement. These technological advancements enable precise problem identification and minimize disruption to property during repairs.

The company's integrated approach combines plumbing expertise with comprehensive HVAC services. Davis & Son Air Conditioning Contractor provides installation, maintenance, and repair services for various cooling and heating systems, ensuring year-round comfort for residential and commercial clients. This dual specialization allows the company to address multiple home and business infrastructure needs through a single trusted provider.

The company's service portfolio includes specialized offerings such as backflow prevention, septic tank services, and comprehensive water heater solutions. Commercial and industrial clients benefit from customized maintenance programs designed to prevent costly downtime and extend equipment lifespan. Emergency repair services remain available for both residential and commercial customers experiencing urgent plumbing or HVAC issues.

Davis & Son maintains strong community connections throughout its service area, participating in local initiatives and supporting area businesses. The company's longevity in Southwest Missouri stems from its focus on building lasting relationships with customers through consistent service quality and transparent communication.

Davis & Son has served Southwest Missouri since its founding over 40 years ago. The company specializes in residential, commercial, and industrial plumbing, heating, and air conditioning services. With headquarters in Monett, Missouri, Davis & Son employs experienced technicians certified in the latest industry standards and techniques. The company continues to expand its service capabilities while maintaining its founding principles of integrity, innovation, and customer satisfaction.
