

Philly Fitness On North Broad Announces February 2026 Gym Membership Specials Including $10 Membership

February 04, 2026

PHILADELPHIA, PA - February 04, 2026 -

Philly Fitness On North Broad announced new membership specials for February 2026 at its Philadelphia club, introducing updated pricing options designed to provide expanded access and flexibility for new and returning members. Effective throughout February, the specials include a low-commitment membership starting at $10 per month, alongside other tiered monthly plans that reflect current offers available across Philly Fitness Clubs. The announcement applies specifically to the North Broad facility located in Philadelphia.

?The February specials reflect our intent to support a diverse range of fitness goals with accessible membership options and clear terms,? said Dan Stango, owner of Philly Fitness On North Broad. ?These pricing options are structured to make gym access more attainable at the beginning of the calendar year while aligning with what members have told us matters most: flexibility and value.?

The February 2026 specials at Philly Fitness On North Broad include multiple membership tiers with varying levels of access and features. Among the offers is The Basics membership at $10 per month with no

long-term commitment, providing unlimited access to the home club along with core gym amenities. Additional plans include premium monthly memberships with expanded access and amenities, also with no required commitment through the special period. All pricing and membership details reflect current specials promoted on the Philly Fitness Clubs website for February enrollment.

Philly Fitness Clubs, the organization under which Philly Fitness On North Broad operates, positions itself as a neighborhood gym that emphasizes community and inclusivity. Memberships generally include access to cardio and strength training equipment, free Wi-Fi, and use of the Philly Fitness app. Premium membership tiers typically extend access privileges to multiple locations and additional amenities such as massage chairs and tanning services.

The North Broad location at 4620 N Broad St in Philadelphia is one of several Philly Fitness Clubs sites in the city, each offering similar membership options and pricing structures. Members who sign up under the February specials will be enrolled according to the terms associated with their selected tier, and the $10 per month Basics membership provides an entry-level option for individuals seeking essential gym access without a long-term commitment.

This February announcement is positioned as a seasonal promotion tied to the beginning of the new year, a period when many individuals evaluate their fitness goals and seek new opportunities for regular exercise. The pricing specials are available for sign-ups throughout February 2026, and interested individuals are encouraged to review the membership options online or visit the North Broad club to discuss enrollment in person.

Philly Fitness On North Broad continues to operate with standard gym policies that apply to all members, including age requirements and guidelines for gym floor conduct, equipment use, and safety. These policies are designed to maintain a respectful and secure environment for all individuals utilizing the facility.

As part of the broader Philly Fitness Clubs network, the North Broad facility supports a range of workout preferences and fitness routines, welcoming individuals from various fitness backgrounds. The community-oriented approach of the brand underscores its positioning as a local gym that accommodates both experienced athletes and those beginning their fitness journey.

The February 2026 specials, including the $10/month Basics option, mark a targeted effort to coincide with common New Year fitness planning. The specials feature no long-term commitment for eligible tiers during the designated promotional period, offering flexibility for members as they explore membership benefits and gym access.
